

Additional Information

Why Vote for Me? I bring technical and financial expertise to ensure every Council decision is cost-effective and delivers real benefits for residents. I dedicate myself full-time to serving our community.

Results Delivered: In Treeby, I delivered the long-promised Telecom Tower, keeping families and seniors connected. In Jandakot and Hammond Park, I worked with residents to oppose unsustainable developments while protecting our environment. In Banjup, I advocated for preserving the rural lifestyle. Across Atwell, Aubin Grove, Success, and Leeming, I secured upgrades to parks, reserves, and sporting facilities. I transformed CoSafe into a fully in-house service for faster responses, championed safer school zones, maintained low rates while improving services, upgraded Cockburn ARC, and supported youth initiatives such as BMX facilities.

Priorities Next Term: Hammond Road duplication, Atwell Reserve upgrades, Aubin Grove floodlights, Success Netball lights, Crime prevention and safer streets, enhanced school zone safety, continued upgrades to parks and facilities, keeping rates low, Resolve Banjup zoning, and promoting local business growth.

Vision for East Ward: I aim to make East Ward the community of choice, safe, connected, and inclusive, where families want to live, businesses want to invest, and seniors can retire with confidence.

Your Vote Matters: I've lived in Cockburn for 22 years with my wife, a high school teacher, and we share a strong commitment to community. You deserve a councillor who is available, accountable, and proven to deliver. I humbly ask for your vote to continue working full-time for you, making Cockburn a place we are proud to call home.
