# Annual Report 2020–2021

## Financial Report

**Cockburn**, the best place to be

[www.cockburn.wa.gov.au](http://www.cockburn.wa.gov.au)

## Auditor General

### INDEPENDENT AUDITOR'S REPORT 2021 City of Cockburn

To the Councillors of the City of Cockburn

## Report on the audit of the annual financial report

### Opinion

I have audited the financial report of the City of Cockburn (City) which comprises:

- the Statement of Financial Position at 30 June 2021, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information
- the Statement by the Chief Executive Officer.

In my opinion the financial report of the City of Cockburn:

- is based on proper accounts and records
- fairly represents, in all material respects, the results of the operations of the City for the year ended 30 June 2021 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

### Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities section below. I am independent of the City in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to my audit of the financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the City is responsible for the preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards. The CEO is also responsible for managing internal control (as required by the CEO) to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

## Auditor's responsibility for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at [https://www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf).

## Report on other legal and regulatory requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matter indicates a significant adverse trend in the financial position of the City:
  - a) The asset sustainability ratio as reported in Note 36 of the annual financial report has been below the Department of Local Government, Sport and Cultural Industries' standard for the last three financial years.
- (ii) All required information and explanations were obtained by me.
- (iii) All audit procedures were satisfactorily completed.
- (iv) In my opinion, the Asset Consumption Ratio and the Asset Renewal Funding Ratio included in the financial report were supported by verifiable information and reasonable assumptions.

## Other information

The other information is the information in the entity's annual report for the year ended 30 June 2021, but not the financial report and my auditor's report. The CEO is responsible for the preparation and the Council for overseeing the other information.

My opinion does not cover the other information and, accordingly, I do not express any form of assurance conclusion thereon.

## **Matters relating to the electronic publication of the audited financial report**

This auditor's report relates to the financial report of the City of Cockburn for the year ended 30 June 2021 included on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this financial report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited financial report to confirm the information contained in this website version of the financial report.

Note 36	Financial Ratios	62

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**1. BASIS OF PREPARATION**

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund have now been transferred back to reserves as per the Town Planning Act.

**INITIAL APPLICATION OF ACCOUNTING STANDARDS**

During the current year, the City adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

These were:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Definition of Materiality*

The adoption of these standards had no material impact on the financial report.

**NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS**

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 *Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current*
- AASB 2020-3 *Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments*
- AASB 2021-2 *Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates*

It is not expected these standards will have an impact on the financial report.

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**2. REVENUE AND EXPENSES**

**(a) Grant revenue**

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2021 Actual \$	2021 Revised Budget \$	2020 Actual \$
<b>Operating grants, subsidies and contributions</b>			
Governance	103,391	85,940	293,609

	30,280,412	30,216,567	27,357,438

There were no changes to the amounts of fees or charges detailed in the original budget.

**SIGNIFICANT ACCOUNTING POLICIES**

**Grants, subsidies and contributions**

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

**Fees and Charges**

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**2. REVENUE AND EXPENSES (Continued)**

**(a) Revenue (Continued)**

**Contracts with customers and transfers  
for recognisable non-financial assets**

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the City was recognised during the year for the following nature or types of goods or services:

	2021 Actual \$	2021 Revised Budget \$	2020 Actual \$
Operating grants, subsidies and contributions	15,363,201	13,792,564	13,724,805
Fees and charges	30,280,412	30,216,567	27,357,438
Non-operating grants, subsidies and contributions	21,254,356	21,690,012	25,604,896
	66,897,968	65,699,144	66,687,139

Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:

Trade and other receivables from contracts with customers	4,538,533	3,342,043
Contract liabilities from contracts with customers	(6,552,672)	(713,380)
Grant liabilities from transfers for recognisable non financial assets	(18,059,084)	(15,527,154)

Impairment of assets associated with contracts with customers are detailed at note 2 (b) under 'Other expenditure'.

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**2. REVENUE AND EXPENSES (Continued)**

**(a) Revenue (Continued)**

**Revenue from statutory requirements**

Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services:

	2021 Actual \$	2021 Revised Budget \$	2020 Actual \$
General rates	107,750,971	107,770,659	105,636,468
Specified area rates	554,196	550,600	586,971
Statutory permits and licences	1,532,903	0	1,002,729
Fines	845,327	0	226,674
Developer contributions	7,490,562	0	6,247,423
Public open space contributions	0	0	751,809
	<b>118,173,960</b>	<b>108,321,259</b>	<b>114,452,074</b>

**Interest earnings**

Rates instalment and penalty interest (refer Note 29(c))

	(607)	0	249,376
Other interest earnings	<b>1,787,404</b>	<b>1,830,000</b>	<b>4,251,309</b>
	<b>1,786,797</b>	<b>1,830,000</b>	<b>4,500,685</b>

**SIGNIFICANT ACCOUNTING POLICIES**

**Interest earnings**

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

**Interest earnings (continued)**

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**2. REVENUE AND EXPENSES (Continued)**

**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**2. REVENUE AND EXPENSES**

**REVENUE RECOGNITION POLICY**

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates - general rates	General rates	Over time	Payment dates adopted by council during the year	None	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Rates - specified area rates	Rates charge for specific defined purpose	Over time	Payment dates adopted by council during the year	Refund in event monies are unspent	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the funding body	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms	Output method based on project milestones and/or completion date matched to performance obligations
Grants, subsidies or contributions with no contractual commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Fees and charges - administration fees	Fees relating to FESA, Service Charges, Building, Pet Registration, Impounding, Licencing, Planning, Search and Supervision fees	Single point in time	Payment in full in advance	None	Set by State legislation or adopted by council annually	Based on the timing of issue and/ or transfer of rights	Not applicable	When the service is rendered and complete or upon payment of the licence, registration or approval
Fees and charges - fines	Fines Issued for breaches of local laws	Single point in time	Payment in full within defined time	None	Adopted by council through local law	When taxable event occurs	Not applicable	When fine is issued
Fees and charges - memberships	Gym and pool memberships	Over time	Payment in full in advance	Refund for unused portion on application	Adopted by council annually	Apportioned equally across the access period of facility	Returns limited to repayment of transaction	Output method over 12 months matched to access right
Fees and charges - other inspections	Regulatory food, health and safety check	Single point in time	Full payment prior to inspection	None	Adopted by council annually based on State Government Legislation	Applied fully on timing on inspection	Not applicable	After inspection event occurs
Fees and charges - pool inspections	Pool compliance safety check	Single point in time	Equal proportion based on an equal annual fee	None	Set by State legislation	Apportioned equally across the inspection cycle	Not applicable	After inspection event occurs
Fees and charges - property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	Adopted by council annually	Based on timing of entry to facility	Returns limited to repayment of transaction	On entry or conclusion of hire
Fees and charges - sundry sales	Sale of minor items	Single point in time	In full in advance	Returns for faulty items	Adopted by council annually	When taxable event occurs	Returns limited to repayment of transaction	On delivery of good
Fees and charges - waste management collections	Kerbside collection services	Over time	Payment on an annual basis	None	Adopted by council annually	Apportioned equally across the collection period	Returns limited to repayment of transaction	Based on regular weekly and fortnightly period proportionate to collection service
Fees and charges - waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal terms if credit provided	None	Adopted by council annually	Based on the timing of entry to the facility	Not applicable	On entry to facility
Fees and charges for other goods and services	Works for drainage modifications, kerbing or any other private works not associated with crossovers	Single point in time	When works are complete	None	Quotes determined by scale and nature of project and should match expenditure	Applied fully upon successful completion of works	Not applicable	After works are complete

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**3. CASH AND CASH EQUIVALENTS**

	NOTE	2021 \$	2020 \$
Cash at bank and on hand		4,606,858	5,133,910
<b>Total cash and cash equivalents</b>		<b>4,606,858</b>	<b>5,133,910</b>
<b>Restrictions</b>			
The following classes of assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:			
- Cash and cash equivalents		3,709,844	3,846,465
- Financial assets at amortised cost		179,973,871	150,667,659
		<b>183,683,715</b>	<b>154,514,124</b>
The restricted assets are a result of the following specific purposes to which the assets may be used:			
Reserves - cash/financial asset backed	4	171,410,637	149,783,094
Contract liabilities from contracts with customers	16	6,552,672	713,380
Bonds & deposits		5,720,406	4,017,650
<b>Total restricted assets</b>		<b>183,683,715</b>	<b>154,514,124</b>

**SIGNIFICANT ACCOUNTING POLICIES**

**Cash and cash equivalents**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

**Restricted assets**

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserves - cash/financial assets backed.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Staff Payments & Entitlements	ongoing	This Reserve provides for payment of various staff entitlements including separation, bonus, awards and other payments made to Staff either through contractual or statutory entitlement, other than leave liabilities already provided for within the City's net asset position.
(b) Plant & Vehicle Replacement	ongoing	This Reserve provides for the orderly replacement of plant and vehicles. Annual transfers into this Reserve are based on the estimated depreciation charge for plant each year. Funds are drawn as required to meet annual plant replacement costs.
(c) Information Technology	ongoing	This Reserve is used to provide for the capital cost of upgrading/replacement of Council's computer hardware and software.
(d) Major Building Refurbishment	ongoing	This Reserve provides funding for future major refurbishment of Council buildings as they become necessary. Annual transfers are usually made to this Reserve from any end of year surplus.
(e) Waste & Recycling	majority by 2040	This Reserve provides funding for capital costs associated with the development and management of a waste disposal site. Transfers to this Reserve are made based on planned future capital funding requirements for waste management.
(f) Land Development and Investment Fund	ongoing	This Reserve is to accommodate and facilitate the purchase, development and disposal of land under the Council's land development strategies with the ability to loan funds on an interest payable basis to other reserve accounts of the City.
(g) Roads & Drainage Infrastructure	ongoing	The purpose of this Reserve is to provide for the renewal and refurbishment of roads and drainage infrastructure and for the provision of matching funds for Federal & State Government road grants.
(h) Naval Base Shacks	ongoing	This Reserve provides funds for the development & refurbishment of the Naval Base shacks site. It will also fund rehabilitation costs when the Park reverts back to the State Government. Annual transfers to this Reserve are fully funded by part of the lease income derived from the shacks.
(i) Community Infrastructure	ongoing	This Reserve funds the provision of community and recreation facilities within the City as the need arises. The requirement for these facilities over the next five to ten years is significant due to the rapid rate of development within the city and the associated population growth.
(j) Insurance	ongoing	This Reserve is used to minimise and smooth annual budgetary impacts from the City's performance based insurance schemes, including deductibility levels.
(k) Greenhouse Action Fund	ongoing	This Reserve will be used to purchase carbon offsets and fund projects to support energy efficiency, waste management and renewable energy installations.
(l) Aged and Disabled Asset Replacement	ongoing	This Reserve is fully funded from the operating government grants received by the services and has no budgetary impact on Municipal funds.
(m) Welfare Projects Employee Entitlements	ongoing	This Reserve is fully funded from the operating government grants received by the services and has no budgetary impact on Municipal funds.
(n) HWRP Post Closure Management & Contaminated Sites	ongoing	This Reserve is required to cover any costs associated with clean-up & remediation works at contaminated sites within the district as enforced by the Contaminated Sites Act.
(o) Municipal Elections	ongoing	This Reserve provides funding to cover election expenses during election years to smooth out annual budgetary impacts.
(p) Port Coogee Special Maintenance - SAR	ongoing	This Reserve is used to manage funds raised through the specified area rate (SAR) for the Port Coogee development. These funds are required for the specialised maintenance requirements of the development.
(q) Port Coogee Waterways - SAR	ongoing	This Reserve is used to manage funds raised through the specified area rate (SAR) for the Port Coogee development on land directly adjacent to the waterways. These funds are required for the maintenance of the waterways surrounding Port Coogee marina and associated infrastructure.
(r) Community Surveillance	ongoing	This Reserve funds activities in relation to Community Surveillance.
(s) Waste Collection	ongoing	This reserve provides funding for future capital requirements related to the Waste Collection service.
(t) Family Day Care Accumulation Fund	ongoing	This Reserve is fully funded from the operating government grants received by the services and has no budgetary impact on Municipal funds.
(u) Community Infrastructure (DCA 13)	ongoing	This reserve is used to account for funds generated from the Community Infrastructure Development Contributions Scheme (DCP13) established under the City's Town Planning Scheme No. 3.
(v) Naval Base Shack Removal	uncertain	Established for the purposes of the future removal of leasehold dwellings at Reserve 24308, Naval Base. All funds raised are to be accounted for on a property lease by lease basis, and not on who paid the actual payment at the time of the payment. Funds raised will be reimbursed to leaseholders when dwelling is removed and the This Reserve is used to manage funds required to undertake environmental rehabilitation of land associated with road construction as approved by the relevant government agency.
(w) Environmental Offset	ongoing	This Reserve is used to manage funding to implement the Bibra Lake Management Plan as adopted by Council.
(x) Bibra Lake Management Plan	ongoing	This Reserve is used to quarantine monies received for restricted purposes across financial years.
(y) Restricted Grants & Contributions	ongoing	This Reserve is used to manage funding for major building maintenance of the Cockburn Integrated Health and Community Facility (CIHCF).
(z) CIHCF Building Maintenance	ongoing	This Reserve is used to manage funding for the major building maintenance of the Cockburn ARC recreation facility.
(I) Cockburn ARC Building Maintenance	ongoing	This reserve is used to manage municipal funding for incomplete projects carried forward to the following financial year.
(I) Carry Forward Projects	ongoing	This Reserve provides for the replacement of marina infrastructure assets. Funding is provided from pen fees to reflect estimated depreciation costs.
(I) Port Coogee Marina Assets Replacement	ongoing	This Reserve is used to manage the funds paid by the developer of the Port Coogee marina development in accordance with the Waterways Environmental Management Plan (WEMP). The funds will be used to maintain and manage the marina waterways.
(~) Port Coogee Waterways - WEMP	ongoing	This Reserve is used to manage funds raised through the specified area rate (SAR) providing funding to ensure that the parks and public areas (including custom street lighting) within the Cockburn Coast Development are maintained in accordance with the higher standards agreed to between the City and the Developer.
(•) Cockburn Coast SAR	ongoing	This Reserve is used for the management of contributions and costs with respect to Development Contribution Areas as established by and in accordance with Town Planning Scheme 3.
(€) Developer Contribution Plans	ongoing	
(.) POS Reserve		

## 5. OTHER FINANCIAL ASSETS

### (a) Current assets

Financial assets at amortised cost

#### Other financial assets at amortised cost

Term deposits

### (b) Non-current assets

Financial assets at amortised cost

Financial assets at fair value through profit and loss

#### Financial assets at amortised cost

Emerald Reverse Mortgage Securities

#### Financial assets at fair value through profit and loss

Units in Local Government House Trust

	2021	2020
	\$	\$

	197,500,000	169,400,000
Other financial assets at amortised cost		
Term deposits	197,500,000	169,400,000
	197,500,000	169,400,000
Financial assets at amortised cost		
Emerald Reverse Mortgage Securities	941,521	951,228
	941,521	951,228
Financial assets at fair value through profit and loss		
Units in Local Government House Trust	147,614	142,442
	147,614	142,442

## SIGNIFICANT ACCOUNTING POLICIES

### Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

### Financial assets at fair value through profit and loss

The City classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has not elected to recognise fair value gains and losses through other comprehensive income.

### Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 31.

## 6. TRADE AND OTHER RECEIVABLES

### Current

Rates receivable
Trade and other receivables
GST receivable

### Non-current

Pensioner's rates and ESL deferred
Accrued debtors

2021	2020
\$	\$
2,153,253	2,942,695
4,538,533	3,342,043
78,901	1,355,815
6,770,687	7,640,553
1,056,416	1,092,961
267,663	268,811
1,324,079	1,361,772

### SIGNIFICANT ACCOUNTING POLICIES

#### Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 31.

### SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

## 7. INVENTORIES

### Current

Fuel and materials

The following movements in inventories occurred during the year:

### Balance at beginning of year

Additions/(reductions) to inventory

### Balance at end of year

	2021	2020
	\$	\$
	39,896	31,107
	39,896	31,107
	31,107	33,335
	8,789	(2,228)
	39,896	31,107

## SIGNIFICANT ACCOUNTING POLICIES

### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

## 8. OTHER ASSETS

### Other assets - current

Prepayments

Accrued income

2021	2020
\$	\$
605,421	474,498
4,791,505	4,026,153
5,396,926	4,500,651

### SIGNIFICANT ACCOUNTING POLICIES

#### Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

#### Accrued income

Accrued income represents income which has been earned by the City but which have not been invoiced or received at balance sheet date.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

## 9. PROPERTY, PLANT AND EQUIPMENT

### (a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

## 9. PROPERTY, PLANT AND EQUIPMENT (Continued)

### (b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
<b>(i) Fair Value</b>					
<b>Land and buildings</b>					
Land	Level 2 and 3	Market Approach, Cost Approach using Current Replacement Cost	Independent Registered Valuer	June 2021	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.
Buildings - non-specialised	Level 2 and 3	Market Approach, Cost Approach using Current Replacement Cost	Independent Registered Valuer	June 2021	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Unobservable inputs for the asset or liability. Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.

### (ii) Cost

Following a change to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change was effective from 1 July 2019 and represented a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximated cost at the date of change.

## 11. FIXED ASSETS

### SIGNIFICANT ACCOUNTING POLICIES

#### Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

#### Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

#### Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the City.

### AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Revaluation (Continued)

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

#### Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

#### Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the City to measure the vested improvements as part of the related right-of-use assets at zero cost.

Refer to Note 12 that details the significant accounting policies applying to leases (including right-of-use assets).

	<b>38,568,690</b>	<b>35,641,134</b>	<b>40,772,796</b>

**SIGNIFICANT ACCOUNTING POLICIES**

**Depreciation**

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

**Depreciation rates**

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

**Depreciation on revaluation**

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

**Amortisation**

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income and in the note above.

## 12. LEASES

(420,741)	(484,321)
(420,741)	(484,321)

## SIGNIFICANT ACCOUNTING POLICIES

### Leases

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Leases for right-of-use assets are secured over the asset being leased.

### Right-of-use assets - valuation

Right-of-use assets are measured at cost. This means that all right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the statement of financial position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 11 for details on the significant accounting policies applying to vested improvements.

### Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is amortised over the useful life of the underlying asset.

## 13. INTANGIBLE ASSETS

### (a) Rehabilitation Assets

#### Non-current

Rehabilitation asset  
Less: accumulated depreciation

Movements in carrying amounts of waste landfill assets during the financial year are shown as follows:

Carrying amount at 30 June	19,010,399	20,636,687
TOTAL INTANGIBLE ASSETS	19,010,399	20,636,687

### SIGNIFICANT ACCOUNTING POLICIES

#### Rehabilitation assets

The City complies with the full provision method for accounting provisions in respect of restoration, rehabilitation and site monitoring costs. Charges are made to expenses based on the estimated costs of restoring, rehabilitating and monitoring the landfill site. The rate charge is reviewed annually and is based on an estimated cost per tonne. The cost per tonne is arrived at after taking into account a standard engineering cost per cubic metre of landfill, the density of the waste and the most recent aerial surveys. Engineering rates differ according to the nature of the obligation to provide the service. The provision is recorded at the net present value of expected future costs discounted using the applicable government bond

rates.

The liability for estimated future capping expenditure is provided for through a rehabilitation provision on a phase-by-phase basis and is discounted to its present value, with the inwinding of the discount being charged to the statement of comprehensive income within the amortisation charge. The discounted present value of the future capping expenditure is also capitalised as part of the rehabilitation asset and is amortised on a straight-line basis. Changes in estimates are recognised prospectively with corresponding adjustments to the provision and associated costs.

	2,010,562	884,565
	2,010,562	884,565

## SIGNIFICANT ACCOUNTING POLICIES

### Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

### Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

## 16. OTHER LIABILITIES

### Current

Contract liabilities

### Non-current

Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity  
 Public Open Space payments

3,447,328	4,879,629
30,031,120	16,240,534

## SIGNIFICANT ACCOUNTING POLICIES

### Contract liabilities

Contract liabilities represent the the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

### Liabilities under transfers to acquire or construct non-financial assets to be controlled by the entity

Grant liabilities represent the the City's performance obligations to construct recognisable non-financial assets to identified specifications which are yet to be satisfied.

Grant liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

### Public Open Space (POS)

All POS cash in lieu contributions received are placed in a reserve account for a specific purpose in accordance with section 154 of the Planning & Development Act 2005. The City recognises a non-current liability for all POS contributions not yet applied to the purpose they were received. The POS liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

**SIGNIFICANT ACCOUNTING POLICIES**

**Financial liabilities**

Financial liabilities are recognised at fair value when the City becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

**Borrowing costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

**Risk**

Information regarding exposure to risk can be found at Note 31.

## 19. EMPLOYEE RELATED PROVISIONS

Non-current provisions	4,809,588	5,237,294	10,046,882
Additional provision	68,635,094	84,873,028	153,508,122
Amounts used	(68,366,109)	(84,207,230)	(152,573,339)
Balance at 30 June 2021	5,078,573	5,903,092	10,981,665
Comprises			
Current	5,078,573	4,421,100	9,499,673
Non-current	0	1,481,992	1,481,992
	5,078,573	5,903,092	10,981,665

	2021	2020
	\$	\$
Less than 12 months after the reporting date	9,499,673	7,953,702
More than 12 months from reporting date	1,481,992	2,093,180
	10,981,665	10,046,882

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

### SIGNIFICANT ACCOUNTING POLICIES

#### Employee benefits

The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

#### Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

#### Other long-term employee benefits

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

#### Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

## 20. OTHER PROVISIONS

	Provision for remediation costs	Total
	\$	\$
<b>Opening balance at 1 July 2020</b>		
Current provisions	800,000	800,000
Non-current provisions	31,583,854	31,583,854
	<u>32,383,854</u>	<u>32,383,854</u>

<b>Balance at 30 June 2021</b>	<u>32,062,428</u>	<u>32,062,428</u>
<b>Comprises</b>		
Non-current	32,062,428	32,062,428
	<u>32,062,428</u>	<u>32,062,428</u>

### Provision for remediation costs

Under the licence for the operation of the Henderson Waste Recovery Park, the City has a legal obligation to restore the site.

A provision for remediation is recognised when:

- there is a present obligation as a result of waste activities undertaken;
- it is probable that an outflow of economic benefits will be required to settle the obligation; and
- the amount of the provision can be measured reliably.

The estimated future obligations include the costs of restoring the affected areas and continued monitoring of the site.

The provision for future remediation costs is the best estimate of the present value of the expenditure required to settle the remediation obligation at the reporting date. Future remediation costs are reviewed annually and any changes in the estimate are reflected in the present value of the remediation provision at each reporting date.

Amounts which are expected to be paid out within 12 months of the reporting date are classified as current. Exact timing of payment of non-current obligations is unable to be reliably estimated as it is dependent on the remaining life of the waste facility.

## 21. NOTES TO THE STATEMENT OF CASH FLOWS

### Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2021 Actual \$	2021 Budget \$	2020 Actual \$

## **23. CONTINGENT LIABILITIES**

Council resolved to acquire land from landowners abutting Jandakot Road to widen Jandakot Road. Eight of the landowners objected to the acquisition of the land and have progressed a claim for compensation against the City which totals an estimated \$20.5 million more than the compensation determined in accordance with the City's Valuer advice. The land was compulsorily acquired by 30 June 2021 and the compensation determined by the City was paid subsequent to year end. It is likely the claim will be resolved via a court case, but this has not progressed as yet.

## 24. CAPITAL AND LEASING COMMITMENTS

### (a) Capital Expenditure Commitments

Contracted for:

- capital expenditure projects
- Smart LED street lighting
- land acquisition - Cockburn Coast Oval
- plant & equipment purchases

Payable:

- not later than one year
- later than one year but not later than five years
- later than five years

### SIGNIFICANT ACCOUNTING POLICIES

#### Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the City, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

#### Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**26. RELATED PARTY TRANSACTIONS**

**Key Management Personnel (KMP) Compensation Disclosure**

The total of remuneration paid to KMP of the City during the year are as follows:

	2021 Actual	2020 Actual
	\$	\$
Short-term employee benefits	1,502,817	1,632,358
Post-employment benefits	150,165	169,127
Other long-term benefits	668,550	496,982
Termination benefits	0	350,771
	<b>2,321,532</b>	<b>2,649,238</b>

*Short-term employee benefits*

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

*Post-employment benefits*

These amounts are the current-year's estimated cost of providing for the City's superannuation contributions made during the year.

*Other long-term benefits*

These amounts represent long service benefits accruing during the year.

*Termination benefits*

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**26. RELATED PARTY TRANSACTIONS (Continued)**

**Transactions with related parties**

Transactions between related parties and the City are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guaranties exist in relation to related parties at year end.

The City ceased to be a related party with Southern Metropolitan Regional Council (SMRC) in prior year. The waste disposal payments made to SMRC was \$1,408,632 in financial year 2019-20.

**Related Parties**

**The City's main related parties are as follows:**

*i. Key management personnel*

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

## 27. INVESTMENT IN ASSOCIATE AND JOINT ARRANGEMENTS

### (a) Balance of investment in associate

Net decrease in share of associate entity's net assets

- Share of associates total comprehensive income arising during the period

#### Balance at 1 July

- Share of associates total comprehensive income arising during the period
- Impairment of investment

2021	2020
\$	\$
0	(675,004)
0	0
0	675,004
0	0
0	(675,004)

### SIGNIFICANT ACCOUNTING POLICIES

#### Interests in joint arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint arrangements providing joint ventures with an interest to net assets are classified as a joint venture and accounted for using the equity method. The equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss.

#### Interests in joint arrangements (Continued)

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The City's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

## 28. INVESTMENT IN ASSOCIATES

The City was previously a member of the Southern Metropolitan Regional Council (SMRC), a regional local government established in 1991 pursuant to the Local Government Act with a membership of five local governments. Council determined to withdraw from the SMRC establishment agreement, which became effective after 30 June 2019 (i.e. 1 July 2019). At reporting date, the City had no equity interest in the assets of the SMRC.

### **City of Cockburn's withdrawal from the SMRC and all associated projects**

The City withdrew from the Regional Resource Recovery Centre (RRRC) Project Participants' Agreement, which became effective after 30 June 2017. At reporting date, the City had no equity interest in the assets of the RRRC. However, the City has recognised a liability for its share of the project's borrowings for which it has guaranteed (refer note 18b). The full repayment of all associated borrowings (expected June 2023) will trigger an equity share in the RRRC's remaining assets at that time (being those acquired through the borrowings). It is the City's position that any value remaining in those assets will be immaterial at that time and accordingly no asset has been recognised.

The City withdrew from the Office Accommodation Project Participant's Agreement, which became effective after 30 June 2019 (i.e. 1 July 2019). At reporting date, the City had no equity interest in the assets of the Office Accommodation Project and no liability for related borrowings.

## SIGNIFICANT ACCOUNTING POLICIES

## Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

## 31. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
<b>Market risk - interest rate</b>	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
<b>Credit risk</b>	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
<b>Liquidity risk</b>	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

### (a) Interest rate risk

#### Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate
	%	\$	\$	\$
<b>2021</b>				
Cash and cash equivalents	0.10%	4,606,858	0	4,606,858
Financial assets at amortised cost	0.59%	198,589,135	197,500,000	1,089,135
<b>2020</b>				
Cash and cash equivalents	0.10%	5,133,910	0	5,133,910
Financial assets at amortised cost	1.52%	171,926,228	169,400,000	2,526,228

#### Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2021	2020
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	46,069	51,339

\* Holding all other variables constant

#### Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 18(b).

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**  
**31. FINANCIAL RISK MANAGEMENT (Continued)**

**(b) Credit risk**

**Trade and Other Receivables**

The City's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the City to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. Whilst the City was historically able to charge interest on overdue rates and annual charges at higher than market rates, which further encourage payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2020 or 1 July 2021 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2021 for rates receivable was determined as follows:

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
<b>30 June 2021</b>					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	0%
Gross carrying amount	2,153,253	0	0	0	2,153,253
Loss allowance	0	0	0	0	0
<b>30 June 2020</b>					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	2,942,696	0	0	0	2,942,696
Loss allowance	0	0	0	0	0

The loss allowance as at 30 June 2021 and 30 June 2020 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
<b>30 June 2021</b>					
Trade and other receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	0%
Gross carrying amount	3,074,618	354,453	23,948	1,085,714	4,538,733
Loss allowance	0	0	0	0	0
<b>30 June 2020</b>					
Trade and other receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	2,205,304	43,115	147,650	945,975	3,342,043
Loss allowance	0	0	0	0	0

## 31. FINANCIAL RISK MANAGEMENT (Continued)

### (c) Liquidity risk

#### Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 18(d).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
<b>2021</b>					
Payables	17,194,160	2,010,562	0	19,204,722	19,204,722
Borrowings	5,192,874	13,298,281	0	18,491,155	15,465,905
Other liabilities	6,552,672	21,085,084	5,419,364	33,057,120	30,031,120
Lease liabilities	218,182	115,739	0	333,921	333,921
	29,157,888	36,509,666	5,419,364	71,086,918	65,035,668
<b>2020</b>					
Payables	15,351,658	0	0	15,351,658	15,351,658
Borrowings	3,226,983	16,171,527	0	19,398,510	19,398,510
Contract liabilities	713,380	15,527,154	0	16,240,534	16,240,534
Lease Liabilities	421,881	344,141	0	766,022	766,022
	19,713,903	32,042,822	0	51,756,724	51,756,724

### **32. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD**

There are no subsequent events after the reporting period.

### 33. TRUST FUNDS

Funds held at balance date which are required to be held in trust and which are not included in the financial statements are as follows:

	1 July 2020	Amounts Received	Amounts Transferred Out	30 June 2021
	\$	\$	\$	\$
Public Open Space Contributions	6,374,601	0	(6,374,601)	0
	6,374,601	0	(6,374,601)	0

# CITY OF COCKBURN

## NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

### 34. OTHER SIGNIFICANT ACCOUNTING POLICIES

#### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

#### c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

#### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

#### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

#### f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

#### g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

#### h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

##### Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

##### Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

##### Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

##### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

##### Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

##### Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

#### i) Impairment of assets

In accordance with Australian Accounting Standards the City's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

**CITY OF COCKBURN**  
**NOTES TO AND FORMING PART OF THE FINANCIAL REPORT**  
**FOR THE YEAR ENDED 30 JUNE 2021**

**35. ACTIVITIES/PROGRAMS**

City operations as disclosed in these financial statements encompass the following service orientated activities/programs.

**PROGRAM NAME AND OBJECTIVES**

**ACTIVITIES**

**GOVERNANCE**

The administration and operation of facilities and services to the elected members of Council. Also includes other corporate type costs that are not related to the specific service areas covered under the other programs.

**GENERAL PURPOSE FUNDING**

The collection of general-purpose revenue including rates and penalties, general-purpose grants and interest on investments. This provides the funding for much of the City's programs/activities.

**LAW, ORDER, PUBLIC SAFETY**

Provision of community safety services including supervision of various by-laws, animal and dog control, a security patrol service, fire prevention and voluntary emergency services.

**HEALTH**

The provision of environmental health services including food quality and pest control.

**EDUCATION AND WELFARE**

The provision of support services to families and children, the aged and disabled and senior citizens. The provision of pre- schools and services and facilities for the youth.

**COMMUNITY AMENITIES**

Refuse collection, recycling and disposal, the operation of the Henderson Landfill site, protection of the environment, administration of the town planning scheme and maintenance of bus shelters.

**RECREATION AND CULTURE**

The provision and operation of community halls and recreation centres, parks and ovals, beach reserves and swimming areas and library facilities. The development and provision of arts and cultural events.

**TRANSPORT**

This program includes road, drainage and footpath construction and maintenance. The provision and maintenance of streetscapes is also included, as is the purchase of heavy plant and the operations of the council works depot

**ECONOMIC SERVICES**

Activities associated with the control of building activity within the city and the provision of facilities and services that encourage tourism.

**OTHER PROPERTY AND SERVICES**

Includes private works and engineering overheads and plant operating costs (both of which are allocated to the City's works program).

### 36. FINANCIAL RATIOS

	2021	2020	2019
	Actual	Actual	Restated Actual
Current ratio	1.13	1.13	0.97
Asset consumption ratio	0.69	0.71	0.71
Asset renewal funding ratio	1.02	0.75	0.75
Asset sustainability ratio	0.53	0.71	0.46
Debt service cover ratio	6.68	8.25	8.72
Operating surplus ratio	0.01	(0.02)	0.01
Own source revenue coverage ratio	0.91	0.89	0.94

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$
