**CITY'S VISION** The best place to be.

#### **MAYOR'S MESSAGE**

#### **Dear Ratepayer**

We believe Cockburn is the best place in Australia to live, work and play. Our commitment to our residents and businesses ensure that we consistently strive to fulfill this pledge. Satisfaction with the City of Cockburn among residents is high because we keep our rates low, working hard to keep our communities looking great, while maintaining a strong financial position and giving generously to local organisations.

Just like our community, the City continues to operate in a challenging, high-cost environment, paying more to sustain current service levels for a rapidly growing community. As a sensible approach to the current economic climate, the City is continuing to prioritise maintaining our growing number of existing assets and infrastructure over new projects.

We will however still be delivering key projects, and in 2024-25, we eagerly anticipate the opening of the Malabar Park BMX Facility in Bibra Lake, the

expansion of Cockburn ARC and the new toilet block and amenities at Omeo Park in Port Coogee. The intersection at Rockingham Road and Phoenix Road will also undergo a \$2.49m upgrade including the installation of a new roundabout, improved lighting, and measures to encourage slower speeds. A further \$10.16m will be spent on improving our road network in 2024-25, including footpaths.

Understanding the pressure rising costs is putting on households and businesses, the City is extending its policy of waiving interest fees on all payment plans, including instalments, Smart Rates, and other customised payment plans. This aims to ease the burden on our community by making it easier to manage rate payments over an extended period without financial penalty.

In closing, I thank the Elected Members, staff, and the many volunteers across the City for their continuous efforts to make Cockburn the best place to be.

#### His Worship the Mayor Logan K. Howlett, JP

#### **BUDGET OVERVIEW**

#### Background

Council is required to adopt an Annual Budget by 31 August each year.

To this end the Council adopts its budget in June of each year.

Several Elected Member budget forums and workshops were held between February and May 2024 to set the direction and help inform development of the 2024-25 Annual Budget.

## Submission

N/A

## Report

Between 1 June and 31 August each year, the City is required to adopt an annual budget for its municipal fund in accordance with Section 6.2 of the *Local Government Act 1995* and the associated regulations.

The 2024-25 Annual Budget is essentially a detailed one-year financial plan, funding priority and commitment outputs from the City's integrated planning framework.

This includes the Council's Strategic Community Plan (SCP) and the four-year Corporate Business Plan (CBP), which has been subject to a major review this year.

Several informing strategies and plans are also central to the preparation of the annual budget and include the following:

- Long Term Financial Plan (LTFP) 2025 -2034
- Master Plans (Bibra Lake, Coogee Beach, North Coogee Foreshore, Manning Park)
- Development Contribution Plans (DCP), including DCP13 for community infrastructure projects
- Asset Management Plans (AMP)
- Revitalisation Plans (Hamilton Hill, Coolbellup, Spearwood, The Lakes, Yangebup)
- Other Council adopted strategies and decisions.

An updated LTFP has been prepared for adoption by Council at this meeting, and the first year of the plan reflects the financial outcomes in the proposed 2024-25 budget.

The 2024-25 budget maintains a rates increase consistent with Consumer Price Index (CPI) inflation, especially when considering the average over the past five years.

This continues Council's financial strategy of low rate increases through cost control and other effective fiscal management strategies, underpinning the City's strategic objective to provide value for money for the City's ratepayers.

Significant challenges presented by current economic factors have continued impacting the development of the City's annual budget. These include increasing cost pressure from persistently high inflation impacting employee, materials and

contracts and construction costs. A particular challenge to the City's budget next year and going forward is waste management. The City is transitioning its household waste disposal from landfill to Waste to Energy in 2024-25 and will exit landfill business operations within the next 5-8 years. These two issues result in elevated risk for the City's operating budget through higher cost and reduced income.

In achieving Council's aim for a balanced budget in 2024-25, the City is proposing the following rates increases:

- Residential Improved properties 4.0% increase in the rate-in-the-dollar and minimum payment.
- Vacant 4.5% increase in the rate-in-the-dollar and minimum payment.
- UV rated properties 4.5% increase in the rate-in-the-dollar and minimum payment.
- Commercial & Industrial properties (including caravan parks) 5.5% increase in the rate-in-the-dollar and minimum payment.

The Valuer General of WA (Landgate) conducted a GRV (Gross Rental Value) revaluation of properties within the City effective for three years commencing 1 July 2023.

The City does not have any role in determining the valuation of any property or the ability to appeal any valuation provided by the Valuer General. However, any property owner who does not agree with the GRV change may lodge an objection directly with Landgate.

These are updated by the Valuer General every three years, with each property subject to a different GRV outcome.

In responding to the tough economic conditions currently faced by householders, the City is extending its policy of waiving interest and administrative fees for installment payments, Smart Rates, and other approved payment options. This aims to ease the burden on our community by making it easier to manage rate payments over an extended period.

The City is also retaining the High GRV concession for single residential improved properties, although with adjusted parameters to account for the significant increase in GRV values for residential improved properties.

Council has no decision-making authority for the Emergency Services Levy (ESL), levied and collected on behalf of the State Government and Department of Fire and Emergency Services (DFES).

The ESL will increase by 5.0 percent for 2024-25 as announced in the 2024-25 State Government Budget.

The overall objective of the proposed rates and charges in the 2024-25 Budget is to provide for the net funding requirement of the City's Operational Budget and Capital Program, being \$133.80M.

#### **BUDGET OVERVIEW (CONTINUED)**

The 2024-25 budget contains a net operating deficit of \$4.20M, primarily due to a significant increase of \$4.15M in depreciation expense arising from asset growth and current economy with high inflation rate.

To fully cash back the total depreciation expense of \$46.19M (eliminating the operating deficit) would require a rates increase of 8 percent.

This is not palatable to the City, or its ratepayers, and a preferred, more realistic approach is to preserve the City's financial sustainability over the long term.

This will be addressed in the review of the LTFP during 2024-25.

## Key inclusions within the Proposed 2024-25 Annual Budget:

- To provide cost of living support to our ratepayers, the City will not charge any interest on outstanding rates for those on approved payment options or financial hardship arrangements. Penalty interest of 6 percent will still apply on overdue rates where ratepayers have not made approved payment arrangements.
- The City will retain the concession for high GRV residential properties (adjusted for the annual rates increase), providing continuing rates relief to affected properties.
- The City's "Smart Rates" payment service offering will continue (used by over 10,000 ratepayers), providing the choice of either weekly, fortnightly or fourweekly direct debit payment options. This is in addition to the legislated four instalment option, providing greater payment flexibility and assisting rates affordability.
- Ratepayers receiving hard copy rates notices will continue to be encouraged to sign up for the paperless eRates option, saving both costs for the City and providing better environmental outcomes.
- The City will continue weekly recycling, six tip passes and four verge collections (two general waste and two green-waste) for residential improved properties. Residential property owners will be consulted on the City's verge collection service in 2024-25, before any change is made to the service by Council.
- \$53.73M will be spent across the community on the 2024-25 capital program, with a key focus this year on renewing, replacing, and upgrading existing assets and infrastructure. Only 31 percent of the capital budget is focused on new asset spending.
- The City has provided funding of up to \$500,000 for community and resident group initiatives to be funded through Community Grants and Donations program.
- Council's successful Community Grants and Donations program will again receive budget funding of \$1.45M
- The Cockburn Community Events program has budget funding of \$1.10M in line with Council's budget policy.

#### **BUDGET OVERVIEW (CONTINUED)**

- New housing and commercial/industrial construction during the year is estimated to generate an additional 1 percent in rates revenue through part year rating, with potentially up to 500 new dwellings for the City to service
- Residential Improved properties receive a rates increase on par with CPI inflation of 4 percent and the minimum payment has also increased by 4 percent (from \$1,485 to \$1,537)
- All other rating categories will receive an increase between 4.5 percent to 5.5 percent
- Increase in the City's operating revenue of 7.10 percent over the previous adopted budget to \$202.90M
- Increase in operating expenditure for the City of 6.62 percent over the previous adopted budget to \$207.10M
- Employee costs to increase by 5.54 percent, accommodating the remaining Enterprise Agreement increases
- The continued repayment of the \$25M Cockburn ARC loan from the Western Australian Treasury Corporation (WATC) at \$2.5M p.a. plus interest (leaving a balance of \$2.50M).
- Presentation of a balanced budget, showing a small closing surplus of \$0.30M.

#### **Operating Income**

The 2024-25 operating income for the City has been budgeted at \$202.90M, representing an increase of 7.10 percent over the 2023-24 adopted Annual Budget.

The sources of income are displayed in Table 1 below.

The primary source of income for the City is property rates, with the \$133.80M representing 65.94 percent of operating income (down from 66.10 percent).

Fees and charges are the other main source of income at \$40.09M (19.76 percent of operating income).

| All Figures in \$M   | 2024-25<br>Budget | 2023-24<br>Adopted<br>Budget | Increase<br>2024-25<br>Budget on<br>2023-24<br>Budget | % of<br>Overall<br>Income of<br>2024-25<br>Budget |
|----------------------|-------------------|------------------------------|---|---|
| Rates                | \$133.80M         | \$125.20M                    | 6.87%   | 65.94%  |
| Specified Area Rates | \$0.62M           | \$0.56M                      | 11.00%  | 0.30%   |
| Operating Grants     | \$15.34M          | \$15.84M                     | -3.18%  | 7.56%   |
| Fees and Charges     | \$40.09M          | \$38.83M                     | 3.25%   | 19.76%  |
| Service Charges      | \$0.22M           | \$0.50M                      | -56.00%   | 0.11%   |
| Interest Income      | \$12.84M          | \$8.53M                      | 50.47%  | 6.33%   |
| Total Revenue        | \$202.90M         | \$189.46M                    | 7.10%   | 100%  |

Table 1 – Operating revenue budgets for 2024-25 and 2023-24

#### Rates Income

The 2024-25 budget has been balanced with a 4.0 percent increase to residential improved properties rate-in-the-dollars and 4.5 to 5.5 percent increase to other categories rate-in-the-dollars.

Minimum payment amounts for each rating category have also been increased accordingly.

#### **Residential Improved**

The proposed rate in the dollar of GRV value for this category is 8.103c with a minimum payment amount of \$1,537.

These parameters will apply to 48,422 or 88.73 percent of the City's rateable properties.

The 4.0 percent increase is applied to both the rate in the dollar and the minimum payment.

Single improved residential properties whose GRV is greater than \$24,671 will also be eligible for a high GRV rates concession.

The concession amount is calculated by using a rate in the dollar of 2.680c and applying it to that portion of GRV over the \$24,671 threshold.

This will apply to 9,079 properties.

This concession limits year on year rates increases for high GRV single improved residential dwellings.

The concession was introduced due to the previous incorporation of fixed waste and security service charges into the general rates charge.

The State Government has maintained the pensioner rebate cap of \$750 (first applied in 2016-17) for 2024-25.

The Senior's rebate will also remain at the current cap of \$100.

Table 2 below shows current year average rates for neighbouring Councils, demonstrating Cockburn Residential Improved ratepayers pay lower rates compared to neighbouring Councils (inclusive of rates, waste, and security charges where applicable).

| Council        | Minimum<br>Payment<br>Residential<br>Rates | Average<br>Residential<br>Rates<br>excluding<br>Minimums | Average<br>Residential<br>Rates |
|----------------|--|--|---------------------------------|
| Cockburn       | \$1,478                                    | \$1,835  | \$1,729                         |
| Kwinana ^      | \$1,526                                    | \$2,026  | \$1,967                         |
| Rockingham ^   | \$1,725                                    | \$2,016  | \$1,923                         |
| Fremantle      | \$1,649                                    | \$2,523  | \$2,248                         |
| Melville*      | \$1,431                                    | \$2,156  | \$1,989                         |
| East Fremantle | \$1,243                                    | \$2,430  | \$2,309                         |

| Table 2 – Comparison of average rates for 2023-24 | Table 2 – | Comparison | of average | rates for | r 2023-24 |
|---|-----------|------------|------------|-----------|-----------|
|---|-----------|------------|------------|-----------|-----------|

^ Separate waste charge has been included.

\* Separate security charge has been included.

Cockburn's average residential improved rate of \$1,729 is the lowest amongst neighbouring Councils.

Excluding those properties on the minimum rate still results in Cockburn having the lowest average rates in this comparative group at \$1,835.

#### Vacant Land

This differential general rate applies to vacant land valued on a gross rental value basis that is zoned for the purpose of residential, commercial, or industrial purposes.

The proposed rate in the dollar of GRV value for this category is 9.960c with a minimum payment amount of \$815.

These parameters will apply to 3,013 or 5.52 percent of the City's rateable properties.

#### Commercial/Industrial Improved

This differential general rate applies to improved land zoned and used for nonresidential, commercial or industrial purposes.

The proposed rate in the dollar of GRV value for this category is 9.231c with a minimum payment amount of \$910.

These parameters will apply to 3,029 or 5.55 percent of the City's rateable properties.

#### **Commercial Caravan Parks**

This differential general rate applies to commercial caravan parks with both permanent trailer homes and non-permanent caravans.

The higher rate aims for these to make an equitable contribution to the City's services and facilities while maintaining rating equity with other small unit dwellings in the City.

#### **BUDGET OVERVIEW (CONTINUED)**

The proposed rate in the dollar of GRV value for this category is 8.764c with a minimum payment amount of \$910.

These parameters will only apply to two properties with none on the minimum payment amount.

#### Unimproved Value - Rural General and Rural Vacant

The City has a small number of properties remaining that are rated based on their unimproved value (UV).

These are typically zoned and used for general rural or urban farmland purposes.

The proposed rate in the dollar of UV value for improved general rural properties is 0.269 with a minimum payment amount of \$1,098.

This will apply to 63 or 0.12 percent of the City's rateable properties.

The proposed rate in the dollar of UV for vacant rural land is 0.403c with a minimum payment amount of \$1,098. This will apply to 41 or 0.08 percent of the City's rateable properties.

#### Interim (Part-Year) Rates

Overall growth in rates from new properties and vacant land, also including improvement to existing properties has been budgeted at 1.0 percent, which translates to approximately 500 new dwellings.

The City has budgeted to receive proportionate interim rates from this growth at \$1.48M during 2024-25.

#### **Pool Inspection Fee**

The fee will increase in 2024-25 by 25.09 percent from \$44.79 to \$56.03 for each property with a swimming pool.

This will provide funding to ensure the City is able to inspect every swimming pool in the municipality on average, once every three years, ensuring compliance with the relevant statutory requirement of once every four years.

The increase is needed to ensure full cost recovery and respond to legislative changes and all funds raised will go towards the inspection of 8,037 swimming pools currently within the City.

#### Port Coogee Special Maintenance Specified Area Rate

This Specified Area Rate provides for a special maintenance service in the Port Coogee area. The Port Coogee development requires a more intense management program than other parts of the district.

#### **BUDGET OVERVIEW (CONTINUED)**

Ratepayers are charged the marginal cost for the higher service levels, as they and residents of the area benefit from the additional works and have better access to the facilities maintained.

Surplus monies raised are reserved to ensure that parks and other public realm assets can be maintained and renewed in future as per the higher standards agreed to between the City and the developer.

The rate in the dollar of GRV value for 2024-25 will increase from 1.20c to 1.248c.

#### Port Coogee Waterways Specified Area Rate

This Specified Area Rate is applied to properties with a connection to the marina waterways to help fund maintenance of the waterways and associated infrastructure assets, including responsibilities under the Waterways Environmental Management Plan (WEMP). It is considered that ratepayers adjacent to or having direct access to the waterways will directly benefit from the upkeep of these waterways.

Port Coogee properties are only charged one of the Specified Area Rates.

The rate in the dollar of GRV value for 2024-25 will increase from 1.20c to 1.248c.

#### Cockburn Coast Specified Area Rate

This Specified Area Rate provides for a special maintenance service in the Cockburn Coast development area.

This development requires a more intense management program than other parts of the district. Ratepayers are charged the marginal cost for the higher service levels, as they and residents of the area benefit from the additional works and have better access to the facilities maintained.

It will apply to residential improved and residential vacant land.

The rate in the dollar of GRV value for 2024-25 will be 1.20c, the same as the previous year's.

#### South Lake East Underground Service Charge

The City will continue to impose service charges on affected property owners for the recovery of costs on the underground power project delivered by Western Power in South Lake.

The service charges represent the annual amounts payable in year two of a ten-year repayment plan, as per the following table:

#### **BUDGET OVERVIEW (CONTINUED)**

| Property Type                                   | Cost p.a.<br>(over 10<br>years) | Cost p.a<br>Network<br>Service<br>Charge | Cost pa –<br>Network<br>Connection<br>fee |
|---|---------------------------------|--|---|
| Single Residential *                            | \$499                           | \$415                                    | \$84                                      |
| Single Residential (with existing connection) * | \$415                           | \$415                                    | N/A                                       |
| Commercial Property (2)                         | \$760                           | \$760                                    | N/A                                       |
| Berrigan Ave Shopping Centre                    | \$2,220                         | \$2,220                                  | N/A                                       |
| Bistro on Berrigan (Tavern                      | \$780                           | \$660                                    | \$120                                     |

Registered pensioners will be entitled for the State Government's pensioner rebate at up to 50 percent of service charges.

The City will provide single residential ratepayers entitled to the State Government Seniors rebate with a 25 percent discount off the stated charges.

The City will raise estimated revenue of \$0.50M from this service charge in 2024-25.

#### Fees and Charges

The City has budgeted to receive \$40.09M in Fees and Charges in 2024-25. The more significant income sources are listed below:

- Cockburn ARC \$11.98M (-1.45%)
- Port Coogee Marina \$1.94M (+6.99%)
- Henderson Waste Recovery Park \$11.87M (+15.00%)
- Waste collection charges non-residential \$2.30M (+4.12%)
- Commercial lease revenue \$2.23M (+20.44%)
- Planning, Development, Building, Health income \$3.57M (-7.9%)
- Community Safety & Rangers income \$1.04M (+2.77%).

Compared to the 2023-24 adopted budget, fees and charges have increased by 3.25 percent, mostly from increased revenue from the Henderson Waste Recovery Park.

#### **Operating Grants, Subsidies and Contributions**

The state and federal governments provide several operating grants and subsidies to the City, funding various community services and programs.

This revenue also includes the federal government's Financial Assistance Grants (FAGs) of \$6.20M.

The income is generally recurrent and rises by CPI or a similar agreed factor.

| Operating Create   | Amount   |
|--|----------|
| Operating Grants   | \$       |
| Financial Counselling                                      | \$0.30M  |
| Financial Assistance (Untied from Commonwealth Government) | \$3.40M  |
| Financial Assistance (Roads from Commonwealth Government)  | \$2.80M  |
| Aged Services (State and Commonwealth Governments)         | \$3.63M  |
| NDIS   | \$0.15M  |
| Youth Services   | \$0.40M  |
| Family Services  | \$0.73M  |
| DFES Operational Grant – Volunteer Fire Brigade Service    | \$0.30M  |
| Family Day care  | \$2.10M  |
| Rehabilitation of Roe 8 land (State Government)            | \$0.56M  |
| Other minor grants   | \$0.97M  |
| Total Operating Grants                                     | \$15.34M |

#### Table 4 – Operating Grants, Subsidies and Contributions for 2024-25

#### Interest on Investments

Interest revenue for 2024-25 has been set at \$12.84M, an increase of \$4.30M (+50.47%) on the 2023-24 adopted budget.

This revenue item is primarily driven by the City's term deposit investing of Municipal operating funds and financial reserves.

This increase is less significant than 2023-24 budget year as the Reserve Bank of Australia has slowed down the uplifts in the cash rate. However it is anticipated minor increases are still to come in 2024-25 due to upwards trend in CPI.

The City also generates interest revenue from outstanding rates and the Emergency Services Levy.

Since 2023-24, the City is no longer charging interest on outstanding rates being paid off by instalments or through a payment plan.

Penalty interest will still be charged yielding an estimated \$0.10M.

While this cost-of-living relief measure impacts the 2024-25 budget by \$0.60M, this is easily absorbed by the rising return on the City's investments.

A small amount of interest is also received from the State Revenue Office for deferred pensioner rates (\$35k budgeted for 2024-25).

#### **Operating Expenditure**

The City's operating expenditure in the 2024-25 budget has increased 6.62 percent on the previous year to a total of \$207.10M.

The following comparative table shows the budget changes at the "Nature" accounting classification level.

| All Figures in \$M      | 2024-25<br>Proposed<br>Budget | 2023-24<br>Adopted<br>Budget | Year on<br>Year %<br>Budget<br>Change | % of Overall<br>Expenditure<br>of 2024-25<br>Budget |
|-------------------------|-------------------------------|------------------------------|---------------------------------------|---|
| Employee costs          | \$82.70M                      | \$78.35M                     | 5.54%                                 | 39.93%  |
| Materials and contracts | \$56.18M                      | \$53.53M                     | 4.94%                                 | 27.13%  |
| Utility charges         | \$6.52M                       | \$6.32M                      | 3.20%                                 | 3.15%   |
| Depreciation            | \$43.04M                      | \$38.90M                     | 10.64%                                | 20.78%  |
| Amortisation            | \$3.15M                       | \$3.14M                      | 0.47%                                 | 1.52%   |
| Finance costs           | \$0.26M                       | \$0.40M                      | -35.07%                               | 0.13%   |
| Insurance               | \$2.57M                       | \$2.20M                      | 16.95%                                | 1.24%   |
| Other expenditure       | \$12.68M                      | \$11.40M                     | 11.21%                                | 6.12%   |
| Total Expenditure       | \$207.10M                     | \$194.25M                    | 6.62%                                 | 100%  |

Table 5 – Operating expenditure budgets 2024-25 and 2023-24

Comparing the ratio of combined Employee Costs and Material/Contracts to Operating Revenue, demonstrates the City to be a top performer against other benchmarked local governments:

Chart 1: Pay & Material/Contract to Operating Revenue

# Employee Costs

Employee costs are the City's largest operating cost item, and these have increased by \$4.34M or 5.54 percent to \$82.70M, compared to the 2023-24 adopted budget.

The City has not been immune to the economic conditions currently faced by all Australian employers, in lifting wages to meet the market and attract quality staff.

The largest driver of this increase is the remaining 4.0 percent City's Enterprise Agreement (EA) contribution and 3.0 percent to contracted salaries.

Another \$0.51M is reflective of increased staffing resources addressing needs in the City's workforce planning.

The compulsory Superannuation Guarantee Charge (SGC) will also increase 0.5 percent to 11.5 percent in 2024-25.

Employee costs also include fringe benefits tax (FBT) mainly incurred on the City's light fleet vehicles.

Staff training, conferences, workshops, learning and development, and protective clothing and uniforms are also included under employee costs.

The FBT payable has been significantly reduced in recent years as the light fleet has been restructured and reduced, focusing on fit for purpose vehicles and operational needs.

#### Materials and Contract

Materials and contracts make up the City's second largest recurrent operating expenditure item and have increased 4.94 percent on the previous year's budget to \$56.18 (+\$2.64M).

The following summarises key items included in the 2024-25 budget:

- Waste services (collection and landfill) costs of \$7.65M have increased \$0.10M (+1.38%) due to the transition of waste to the Waste to Energy facility from the City's landfill facility.
- Parks, Environment & Landscaping costs of \$13.68M have increased \$4.00M (+29.23 percent) due to both asset growth and inflation impacts.
- Property and Assets costs of \$5.27M have decreased \$0.35M (6.15 percent) which is impacted as asset condition audits of \$0.50M had been completed in 2023-24.
- Civil infrastructure (roads) maintenance costs of \$1.74M have increased \$0.30M (+20.70 percent) from inflationary impacts and asset increases.
- Plant and fleet maintenance costs of \$2.28M have increased \$0.57M (+33.64 percent) due to servicing and part replacement costs.
- Business economic development costs have dropped \$1.09M to \$0.52M, as the Blue Economy and Defence Innovation Hub does not eventuate.
- Information technology and software costs of \$4.88M are up \$0.86M (+21.52 percent) largely due to the City's ERP (Enterprise Resource Planning) system transitioning to the cloud is progressing.
- Cockburn ARC costs of \$4.46M are up \$0.43M (+10.63 percent).
- Community safety & ranger services costs of \$1.13M are down \$1.61M (-58.88 percent) as COSAFE activity is no longer sub-contracted externally. This reduction makes up part of the increases in employee costs.

Over 80 percent of the City's materials and contracts expenditure is subjected to competitive procurement and sourcing practices, including formal tender and quotation processes governed by legislation and Council's procurement policy.

However current economic conditions are leading to less competition, supply constraints and escalating costs.

#### Insurance

The City, like every other local government in Western Australia, is a member of the Local Government Insurance Scheme (LGIS), a cooperative insurance scheme.

In effect, the City (along with the other local government members) self-insures through the LGIS mutual.

The mutual indemnity scheme provides the City with the following insurance coverage and claims management:

- Workers Compensation
- Property
- Public Liability
- Motor Fleet
- Management Liability (Councillor and officers and employment practices)
- Commercial Crime and Cyber Liability
- Bush Fire Injury
- Pollution Legal Liability.
- Corporate Travel
- Personal Accident.

This means very few of the City's insurances now sit outside the Scheme, with the following coverage brokered by LGIS on the City's behalf:

- Employee income protection
- Salary continuance
- Marine cargo and marine hull.

The total premium for insurance policies in 2024-25 is budgeted at \$2.57M, an increase of 16.95 percent on the previous year budget (\$2.20M) and factors in the growth of the City's employee costs.

The actual premiums paid can be skewed by returned surplus funds to members and back charging for prior year workers compensation claims.

#### **Utilities**

This budget item covers the City's expenditure on electricity, gas, water and telecommunications. The City has budgeted for an overall increase of \$0.20M (+3.20 percent) for a total \$6.52M.

Electricity is the main expense item at \$5.11M, supplying power to the City's buildings and facilities at a cost of \$1.75M, as well as \$3.36M for street lighting.

Most of this cost is deemed contestable and subject to negotiated contracts.

Water charges of \$0.57M, Telecommunication/Network charges of \$0.58M and gas charges of \$0.21M (mostly Cockburn ARC) make up the remainder of utility costs.

#### Other Expenses

Other expenses totalling \$12.68M are up \$1.28M (+11.21 percent) mainly due to the increase in the landfill levy as mandated by the State Government.

The State Government's Landfill Levy of \$85 (+\$15) per tonne has been budgeted at a cost of \$7.83, up \$1.20M (+18.01 percent) on the previous year's adopted budget.

Landfill tonnages are expected to continue to decrease next year as the Rockingham Waste to Energy facility commences taking the City's waste.

Following is the landfill levy schedule published by the State Government with its first increase effective from 2024-25.

| Financial Year | Levy rate to take effect | Levy rate<br>per tonne | Levy rate per<br>cubic metre |
|----------------|--------------------------|------------------------|------------------------------|
|                |                          |                        |                              |
| 2023-24        | 1 July 2023              | \$70                   | \$105                        |
| 2024-25        | 1 July 2024              | \$85                   | \$129                        |
| 2025-26        | 1 July 2025              | \$88                   | \$133                        |
| 2026-27        | 1 July 2026              | \$90                   | \$136                        |
| 2027-28        | 1 July 2027              | \$93                   | \$141                        |

The Grants and Donations budget of \$1.988M is slightly up on \$1.465M in the previous year. This sits comfortably within Council's Corporate Strategic Planning & Budget Policy setting of up to 1.5 percent of rates revenue (excluding specified area rates).

Fuel costs of \$1.25M have decreased by 19.19 percent from the previous year adopted budget, reflecting the current market pricing.

Elected Member meeting fees and various allowances totalling \$518,800 have been increased by 4.0 percent in line with the determination from the Salary and Allowances Tribunal in April 2024.

Details are included in the statutory budget at note 11 as required by local government regulations.

#### Depreciation and Amortisation (Non-cash)

#### **BUDGET OVERVIEW (CONTINUED)**

The City has estimated \$43.04M in depreciation expense for 2024-25, which is \$4.14M higher than the previous year adopted budget due to growing number of assets. High construction costs also contributed to the value of assets the City holds.

Amortisation expenses relating to the HWRP landfill business total \$3.15M are unchanged from the previous year. These relate to the post closure site rehabilitation provisions and the expensing of the active cells and associated infrastructure.

The City's financial strategy is to fully cash back depreciation that is a non-cash expense.

Given the operating deficit is only \$4.20M, most of the depreciation is cash-backed. This fiscally responsible strategy enables the City to use the surplus cash generated to renew existing assets as required or to transfer the surplus cash into various financial reserves for future asset renewals.

This financial strategy helps to ensure existing City assets provide consistent service levels to the community over a longer life.

It also ensures that future generations of ratepayers won't be burdened with excessive costs or debt to maintain current service levels provided by the existing asset base.

The City also has the discretion each year to use surplus operational cash funding to contribute to the construction of new assets, although the priority should be addressing needs for the existing asset base.

| Asset Class                 | 2024-25  | 2023-24  | \$ Change | % Change |
|-----------------------------|----------|----------|-----------|----------|
| Roads                       | \$17.56M | \$15.61M | \$1.95M   | 12.50%   |
| Footpaths                   | \$3.94M  | \$3.45M  | \$0.49M   | 14.29%   |
| Drainage                    | \$3.71M  | \$3.20M  | \$0.50M   | 15.72%   |
| Technology/ CCTV            | \$0.77M  | \$0.74M  | \$0.03M   | 4.49%    |
| Parks/Environment           | \$7.10M  | \$6.66M  | \$0.44M   | 6.63%    |
| Marina                      | \$0.51M  | \$0.23M  | \$0.28M   | 123.36%  |
| Coastal Infrastructure      | \$0.64M  | \$0.63M  | \$0.02M   | 2.92%    |
| Buildings and Facilities    | \$5.79M  | \$4.89M  | \$0.90M   | 18.41%   |
| Fleet (Plant and Equipment) | \$2.79M  | \$3.30M  | -\$0.51M  | -15.40%  |
| HWRP                        | \$1.52M  | \$1.51M  | \$0.01M   | 0.97%    |
| Furniture                   | \$0.11M  | \$0.08M  | \$0.04M   | 45.25%   |
| Leased Equipment            | \$0.11M  | \$0.12M  | -\$0.01M  | -11.34%  |
| Rehabilitation Asset        | \$1.63M  | \$1.63M  | -         | -        |
| Total                       | \$46.19M | \$42.04M | \$4.15M   | 11.9%    |

Table 6 – Depreciation/Amortisation for 2024-25

#### Interest Expense

The City will pay interest and finance costs on borrowings totalling \$0.26M, down 35.07 percent on the adopted budget for 2023-24 of \$0.40M.

The Cockburn ARC loan accounts for \$0.16M of this expense (down from \$0.30M).

The interest (and principal repayments) on this loan are reimbursed to the municipal fund via developer contributions received from DCP13 (Community Infrastructure) established under the City's Town Planning Scheme No 3.

There is also \$0.1M of finance expense related to the accounting treatment for the HWRP post closure site rehabilitation costs.

#### Capital Income and Developer Contributions

The City has budgeted to receive the following Capital Income and Grants plus Developer Contributions for 2024-25.

Table 7 – Non-operating grants and contributions for 2024-25

| Rockingham/Phoenix Road intersection upgrade            | \$2.82M  |
|---|----------|
| (MRD and LRCI)<br>Rockingham Road Revitalisation        | \$2.28M  |
| Marvell Avenue drainage improvement (R2R)               | \$2.20M  |
| Carrington/Forrest Road intersection                    | \$1.02M  |
| Karel Avenue, Berrigan Drive to Farrington Road upgrade | \$0.50M  |
| Other developer contributions                           | \$1.15M  |
| Omeo Port Coogee Southern Amenities (LRCI)              | \$1.08M  |
| Other capital grants                                    | \$1.35M  |
| Total 2024-25   | \$11.60M |

#### Capital Expenditure

The following table lists the City's 2024-25 capital expenditure budget totalling \$53.73M by asset type:

| Asset Class                          | \$       |
|--------------------------------------|----------|
| Roads Infrastructure                 | \$13.60M |
| Footpaths and Shared Paths           | \$1.60M  |
| Drainage                             | \$4.46M  |
| Technology and CCTV                  | \$0.35M  |
| Parks and Environment                | \$6.66M  |
| Marina and Coastal Engineering       | \$0.10M  |
| Buildings                            | \$17.77M |
| Plant, Equipment and Public Artworks | \$5.46M  |
| HWRP Landfill Site                   | \$3.73M  |
| Total                                | \$53.73M |

#### **BUDGET OVERVIEW (CONTINUED)**

The City's capital program was developed with a key focus this year on renewing, replacing, and upgrading existing assets and infrastructure.

This results in 69 percent of the capital budget allocated towards existing assets, with only 31 percent for the delivery of new assets.

As a sensible response to the current economic climate of high inflation and building costs, the City continues prioritising maintaining our existing assets and infrastructure over new projects. The City defers non-critical spending and phases major projects over multiple years based on forecast cash flows.

A comprehensive capital projects listing is in Attachment 2 – Capital Works Budget.

Unfinished capital works and projects from 2023-24 have not been included in the 2024-25 budget as these are yet to be determined (early July).

Municipal funding for these will be addressed in the end of year surplus and transferred into the Project Contingency Reserve.

This will ensure existing budget funding for carried forward works and projects is preserved, allowing Council to adopt and fund the carried forward works program in the new year, once determined.

#### Loans and Borrowings

Repayment of principal at \$2.5M per annum on the original \$25M Cockburn ARC loan will continue.

At the end of the 2024-25 Financial Year, the outstanding loan balance will be reduced to \$2.50M. This loan will be fully repaid in June 2026.

The repayments (including interest) on this loan are fully funded from developer contributions received under the Community Infrastructure Contribution Scheme (DCP13), as the loan effectively advanced funding from this income source.

#### **Reserves**

The City's ten-year Long Term Financial Plan (LTFP) includes funding and target levels for the City's financial reserves.

In developing the updated Long Term Financial Plan and 2024-25 budget, a rationalisation exercise of the City's reserves was completed. This has resulted in several new reserves that provide program-based funding for various asset classes. Some existing reserves have also been amalgamated into these new reserves.

Attached to the agenda is a summary showing these changes, including the new reserves and their purposes. Comprehensive information is included in the Long Term Financial Plan outlining the rationale for the new reserves framework.

The City places great importance in planning for the future and ensuring it has sufficient funds to complete major projects now and into the future, as well as providing for asset renewals when they fall due.

In this Budget, the City will transfer \$44.46M into its financial reserves in line with its LTFP objectives and draw down \$45.33M to meet its capital and operating budget funding commitments (net decrease of \$0.87M).

The balance of the City's financial reserves at the end of June 2025 is budgeted at \$184.01M as represented below:

| Reserve Categories                | 1 July 2024 | Transfers<br>In | Transfers<br>Out | 30 June<br>2025 |
|-----------------------------------|-------------|-----------------|------------------|-----------------|
| Operating                         | \$3.76M     | \$0.00M         | \$0.00M          | \$3.76M         |
| Capital (new assets)              | \$97.57M    | \$41.50M        | \$41.63M         | \$97.44M        |
| Capital (asset renewal)           | \$45.06M    | \$2.01M         | \$3.34M          | \$43.72M        |
| Grant Funded                      | \$2.42M     | \$0.29M         | \$0.06M          | \$2.64M         |
| Development Contribution<br>Plans | \$23.35M    | \$0.00M         | \$0.00M          | \$23.35M        |
| Specified Area Rates              | \$2.60M     | \$0.62M         | \$0.29M          | \$2.93M         |
| Restricted Reserves               | \$10.12M    | \$0.05M         | \$0.00M          | \$10.17M        |
| Totals                            | \$184.88M   | \$44.46M        | \$45.33M         | \$184.01M       |

Table 10 – Financial Reserves Summary as at 30 June 2025

Other funds being quarantined include lease revenue from the Naval Base shacks (for associated works at Naval Base), and unspent specified area rates revenue for Port Coogee and Cockburn Coast.

#### **BUDGET OVERVIEW (CONTINUED)**

#### Statutory Budget

The Local Government Act 1995 and the Local Government (Financial Management) *Regulations* 1996 prescribe the required form and content of the City's adopted budget.

Essentially, the City's budget is to include an income statement, cash flow statement and Statement of Financial Activity.

Other required information is included within the statutory budget as notes to these statements.

The City uses a template model developed for the sector by a specialist accounting firm (Moore Australia) in order to achieve compliance with the legislative requirements and Australian Accounting Standards (AAS).

#### Statement of Comprehensive Income by Nature

This statement is showing a net operating deficit (before non-operating items) of \$4.20M, demonstrating operating revenue does not full cover the City's increased depreciation expense in 2024-25.

The total comprehensive income surplus result of \$6.99M includes non-operating income of \$11.60M to the operating result, as required by Australian Accounting Standards.

#### Statement of Financial Activity

The Statement of Financial Activity is a unique financial statement applicable to WA Local Governments as prescribed by the Local Government (Financial Management) Regulations.

The purpose of the statement is to show the amount of general rates needed from property owners to achieve the budget surplus or deficit position.

The budgeted general rates and minimum payment, including ex-gratia and residential concession, amount of \$133,800,000 represents 100.6 percent of the budget deficiency (within the 90 percent and 110 percent range limit set under section 6.34 of the *Local Government Act 1995*), effectively representing a balanced budget with a small surplus of \$300,000.

The budget deficiency to be funded from general rates and minimum payment is arrived at after netting off all other operating income (including specified area and exgratia rates), operating expenditure, capital income, capital expenditure, net reserve transfers, loan repayments and any new borrowings.

The statement also adds back the cash generated by depreciation.

#### Statement of Cashflow

The Statement of Cashflow presents the cash the Council will generate and expend in running its day-to-day business, capital investment program (both capital income and expenditure) as well as funds required to finance both the operating and investment (capital) program:

| Table 11 – Cashflow Items 2024-25 and 2023-24 |  |
|---|--|
|---|--|

| Cashflow Item               | 2024-25  | 2023-24  | Variance |
|-----------------------------|----------|----------|----------|
| Net operating cash inflow   | \$42.10M | \$37.79M | +\$4.31M |
| Net Investment cash outflow | \$41.06M | \$33.35M | -\$7.71M |
| Net financing cash outflow  | \$2.50M  | \$9.11M  | +\$6.61M |
| Net cashflow                | -\$1.46M | -\$4.67M | +\$3.21M |

The City will commence the year with a budgeted \$12.06M in cash and after the impact of the above listed activities, the City will finish the year with a closing cash position of \$10.61M.

#### **Closing Budget Surplus**

The 2024-25 Annual Budget has a closing budget surplus of \$0.30M.

Essentially, this represents a balanced budget with some scope to fund minor unexpected items that may arise during the year.

The closing surplus accounts for all the operating and capital income and expenditure items, together with net reserve transfers.

#### **Opening Budget Surplus**

The 2024-25 Annual Budget has a conservative opening budget surplus of \$1.00M.

A report will be brought to Council once the City's carried forward projects are determined in July, and this will also consider the required municipal funding within the opening budget surplus needed to complete the carried forward works.

The opening budget surplus will be confirmed once the Auditors have completed their annual audit and signed off on the 2023-24 financial statements (including the actual closing municipal surplus for that year).

Any variation to the estimate included in the 2024-25 budget will be reported to Council post audit, with any additional surplus to be allocated to financial reserves in accordance with Council's Budget Policy.

#### Advertised Differential Rates

There is no change being proposed to the advertised differential rates as presented in the following table.

# **BUDGET OVERVIEW (CONTINUED)**

|          |   | Adve       | rtised         | Recommended   |                |  |
|----------|---|------------|----------------|---------------|----------------|--|
| Category | Rate Category   | Rate in \$ | Min<br>Payment | Rate in<br>\$ | Min<br>Payment |  |

| Note 12 | Revenue and Expenditure       | 31 |
| Note 13 | Program Information           | 33 |
| Note 14 | Fees and Charges              | 34 |

#### **1 BASIS OF PREPARATION**

The annual budget is a forward looking document and has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

#### Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the annual budget be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from *AASB 16* which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the annual budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

#### 2023/24 actual balances

Balances shown in this budget as 2023/24 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

#### **Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

#### **Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

#### **Rounding off figures**

All figures shown in this statement are rounded to the nearest dollar.

#### **Statement of Cashflows**

Investing and financing transactions that do not require the use of cash or cash equivalents shall be excluded from a statement of cash flows. Such transactions shall be disclosed elsewhere in the financial statements in a way that provides all the relevant information about these investing and financing activities.

#### Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-1 Amendments to Australian Accounting Standards
- Classification of Liabilities as Current or Non-current
- AASB 2022-5 Amendments to Australian Accounting Standards
- Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
   Non-current Liabilities with Covenants
- AASB 2023-1 Amendments to Australian Accounting Standards
- Supplier Finance Arrangements
- AASB 2023-3 Amendments to Australian Accounting Standards
- Disclosure of Non-current Liabilities with Covenants: Tier 2
- It is not expected these standards will have an impact on the annual budget.

AASB 2022-10 Amendments to Australian Accounting Standards

 Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities, became mandatory during the budget year. Amendments to AASB 13 Fair Value Measurement impacts the future determination of fair value when revaluing assets using the cost approach. Timing of future revaluations is defined by regulation 17A of Local Government (Financial Management) Regulations 1996. Impacts of this pronouncement are yet to be quantified and are dependent on the timing of future revaluations of asset classes. No material impact is expected in relation to the 2024-25 statutory budget.

New accounting standards for application in future years The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
   Sale or Contribution of Assets between an Investor and its Associate or
  Joint Venture
- AASB 2021-7c Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 Amendments to Australian Accounting Standards
- Insurance Contracts in the Public Sector
- AASB 2023-5 Amendments to Australian Accounting Standards
- Lack of Exchangeability

It is not expected these standards will have an impact on the annual budget.

#### Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- · estimation of fair values of land and buildings and investment property
- impairment of financial assets
- · estimation uncertainties and judgements made in relation to lease accounting
- · estimated useful life of assets
- estimation of provisions
- · estimation of fair value of leases

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2024/25 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

# 2. RATES AND SERVICE CHARGES (CONTINUED)

#### (c) Objectives and Reasons for Differential Rating

To provide equity in the rating of properties across the City the following rate categories have been determined for the implementation of differential rating.

#### **Differential general rate**

| <u>Description</u>                           | Characteristics   | Objects  | Reasons  |
|--|---|--|--|
| Residential Improved<br>(GRV)                | This rate category imposes a differential<br>general rate on land valued on a GRV basis,<br>which is zoned under the Town Planning<br>Scheme No.3 for residential purposes and<br>having improvements erected on it.  | The objective of this proposed rate is to apply a<br>base differential general rate to land zoned and<br>used for residential purposes and to act as the<br>City's benchmark differential rate by which all<br>other GRV rated properties are assessed. This<br>rate ensures that all ratepayers make a<br>reasonable contribution towards the ongoing<br>maintenance and provision of works, services and<br>facilities throughout Cockburn. It is lower than the<br>vacant land differential rate as the City is<br>encouraging landowners to develop land rather<br>than land banking.□ | The City has a net funding shortfall in its Operational and<br>Capital budget for 2024-25 of \$133.8m, required to be made<br>up from rates. This funding pays for infrastructure<br>and services like roads, parks, streetscapes, libraries,<br>recreation and aquatic centres, youth and senior centres, and<br>community events, to name a few. |
| Vacant Land (GRV)                            | This rate category imposes a differential<br>general rate on land valued on a gross rental<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for the purpose of<br>residential, commercial or industrial purposes<br>and being vacant land.     | The objective of this rate is to promote the development of vacant land within Cockburn. Vacant land has a higher differential general rate which provides a disincentive to owners for land banking and not developing their vacant land.□  |  |
| Commercial &<br>Industrial Improved<br>(GRV) | This rate category imposes a differential<br>general rate on land valued on a gross rental<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for nonresidential,<br>commercial or industrial purposes and having<br>improvements erected on it. | The objective of this differential rate category is to<br>raise sufficient revenue to offset the costs<br>associated with increased maintenance of<br>infrastructure, particularly transport related<br>infrastructure, and higher levels of services<br>associated with properties in this category.  |  |

# 2. RATES AND SERVICE CHARGES (CONTINUED)

| Commercial Caravan<br>Park (GRV) | This rate category imposes a differential general rate on land valued on a gross rental value basis, which is zoned under the Town Planning Scheme No.3 for the purpose of a commercial caravan park and catering for permanent trailer homes and non-permanent caravans.□  | The objective of this rate is to ensure that the City's caravan parks, predominantly permanent trailer homes, make an equitable contribution to the City's services and facilities like any other residential land owner. It is also to maintain rating equity with other small unit dwellings in the City.   |
|----------------------------------|---|---|
| Rural General<br>Improved (UV)   | This rate category imposes a differential<br>general rate on land valued on an unimproved<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for rural general or rural<br>general urban farm land purposes and having<br>relevant buildings erected on it including those<br>being used for commercial or industrial<br>purposes. | The objective of the rate is to impose a differential rate commensurate with the rural use of the land and to ensure that all ratepayers make a reasonable contribution towards the provision of works, services and facilities throughout the City and their ongoing maintenance. It is also the City's benchmark differential UV rate and the base rate by which all other UV rated properties are assessed.□ |
| Rural Vacant Land<br>(UV)        | This rate category imposes a differential<br>general rate on land valued on an unimproved<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for rural purposes and<br>being vacant land.  | The objective of this rate is to promote the<br>development of vacant land within Cockburn,<br>effectively providing a disincentive to owners for<br>land banking and not actively developing their<br>vacant rural land for its intended purpose.  |

## (d) Differential Minimum Payment

| Residential Improved<br>(GRV)                | This rate category imposes a differential<br>general rate on land valued on a GRV basis,<br>which is zoned under the Town Planning<br>Scheme No.3 for residential purposes and<br>having improvements erected on it.   | The objective of this proposed rate is to apply a base differential general rate to land zoned and used for residential purposes and to act as the City's benchmark differential rate by which all other GRV rated properties are assessed. This rate ensures that all ratepayers make a reasonable contribution towards the ongoing maintenance and provision of works, services and facilities throughout Cockburn. It is lower than the vacant land differential rate as the City is encouraging landowners to develop land rather than land banking.□ | The City has a net funding shortfall in its Operational and<br>Capital budget for 2024-25 of \$133.8m, required to be made<br>up from rates. This funding pays for infrastructure<br>and services like roads, parks, streetscapes, libraries,<br>recreation and aquatic centres, youth and senior centres, and<br>community events, to name a few. |
|--|--|---|--|
| Vacant Land (GRV)                            | This rate category imposes a differential<br>general rate on land valued on a gross rental<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for the purpose of<br>residential, commercial or industrial purposes<br>and being vacant land.            | The objective of this rate is to promote the development of vacant land within Cockburn. Vacant land has a higher differential general rate which provides a disincentive to owners for land banking and not developing their vacant land.  |  |
| Commercial &<br>Industrial Improved<br>(GRV) | This rate category imposes a differential<br>general rate on land valued on a gross rental<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for nonresidential,<br>commercial or industrial purposes and having<br>improvements erected on it.        | The objective of this differential rate category is to<br>raise sufficient revenue to offset the costs<br>associated with increased maintenance of<br>infrastructure, particularly transport related<br>infrastructure, and higher levels of services<br>associated with properties in this category.   |  |
| Commercial Caravan<br>Park (GRV)             | This rate category imposes a differential general rate on land valued on a gross rental value basis, which is zoned under the Town Planning Scheme No.3 for the purpose of a commercial caravan park and catering for permanent trailer homes and non-permanent caravans.□ | The objective of this rate is to ensure that the City's caravan parks, predominantly permanent trailer homes, make an equitable contribution to the City's services and facilities like any other residential land owner. It is also to maintain rating equity with other small unit dwellings in the City.□  |  |

## 2. RATES AND SERVICE CHARGES (CONTINUED)

| Rural General<br>Improved (UV) | This rate category imposes a differential<br>general rate on land valued on an unimproved<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for rural general or rural<br>general urban farm land purposes and having<br>relevant buildings erected on it including those<br>being used for commercial or industrial<br>purposes. | The objective of the rate is to impose a differential rate commensurate with the rural use of the land and to ensure that all ratepayers make a reasonable contribution towards the provision of works, services and facilities throughout the City and their ongoing maintenance. It is also the City's benchmark differential UV rate and the base rate by which all other UV rated properties are assessed. □ |
|--------------------------------|---|--|
| Rural Vacant Land<br>(UV)      | This rate category imposes a differential<br>general rate on land valued on an unimproved<br>value basis, which is zoned under the Town<br>Planning Scheme No.3 for rural purposes and<br>being vacant land.  | The objective of this rate is to promote the<br>development of vacant land within Cockburn,<br>effectively providing a disincentive to owners for<br>land banking and not actively developing their<br>vacant rural land for its intended purpose.   |

## (e) Variation in Adopted Differential Rates to Local Public Notice

The following rates and minimum payments were previously set out in the local public notice giving notice of the intention to charge differential rates.

| Differential general           |                     | Adopted Rate in |   |
|--------------------------------|---------------------|-----------------|---|
| rate or general rate           | Proposed Rate in \$ | \$              | Reasons for the difference  |
| Rural General<br>Improved (UV) | 0.00307             | 0.00269         | Reduce the rate in the dollar resulting in an average yield increase of 4.5%, due to a significant increase in the revaluation of UV. |
| Rural Vacant Land (UV)         | 0.00473             | 0.00403         | Reduce the rate in the dollar resulting in an average yield increase of 4.5%, due to a significant increase in the revaluation of UV. |

## **EXPLANATION OF DIFFERENCE IN NET CURRENT ASSETS AND SURPLUS/(DEFICIT)**

#### Items excluded from calculation of budgeted deficiency

When calculating the budget deficiency for the purpose of Section 6.2 (2)(c) of the Local Government Act 1995 the following amounts have been excluded as provided by Local Government (Financial Management) Regulation 32 which will not fund the budgeted expenditure.

#### (c) Non-cash amounts excluded from operating activities

The following non-cash revenue or expenditure has been excluded from amounts attributable to operating activities within the Statement of Financial Activity in accordance with Financial Management Regulation 32.

#### Adjustments to operating activities

## **3. NET CURRENT ASSETS**

#### (f) MATERIAL ACCOUNTING POLICIES

## CURRENT AND NON-CURRENT CLASSIFICATION

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### **PREPAID RATES**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

#### INVENTORIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The City contributes to a number of superannuation funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

#### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the City's intentions to release for sale.

#### GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian

## TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### PROVISIONS

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **EMPLOYEE BENEFITS**

#### Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position. The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

#### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

#### Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### **CONTRACT LIABILITIES**

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

## **MATERIAL ACCOUNTING POLICES**

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

## FINANCIAL ASSETS AT AMORTISED COST

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose

objective is to collect the contractual cashflows, and - the contractual terms give rise to cash flows that are solely payments of principal and interest.

## **5. PROPERTY, PLANT AND EQUIPMENT**

The following assets are budgeted to be acquired and/or disposed of during the year.

|                                    |            |                                  | 024/25 Budget                   | :                   |            | 2                                | 2023/24 Actual                  |                       |                     |            | 2                                | 2023/24 Budge                   | t                     |                     |

## MATERIAL ACCOUNTING POLICIES

#### **RECOGNITION OF ASSETS**

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

## **MATERIAL ACCOUNTING POLICIES**

## DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

| Buildings - non-specialised              | 15 to 70 years                 |
|--|--------------------------------|
| Furniture and equipment                  | 4 to 20 years                  |
| Plant and equipment                      | 3 to 25 years                  |
| Information technology                   | 5 years                        |
| Leased asset                             | Based on the remaining lease   |
| Infrastructure - roads                   | 14 to 80 years                 |
| Infrastructure - drainage                | 75 to 100 years                |
| Infrastructure - footpath                | 30 to 50 years                 |
| Infrastructure - parks hard              | 10 to 75 years                 |
| Infrastructure - landfill site           | 10 to 80 years                 |
| Infrastructure - marina                  | 25 to 50 years                 |
| Infrastructure - coastal                 | 20 to 100 years                |
| Intangible assets - rehabilitation asset | Based on the remaining life of |

## AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

## 7. BORROWINGS

## (a) Borrowing repayments

Movement in borrowings and interest between the beginning and the end of the current financial year.

| Loan facilities in use at balance date | 2,500,000         | 5,000,000         | 5,000,000         |
| MATERIAL ACCOUNTING POLICIES           |                   |                   |                   |

#### **BORROWING COSTS**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

## MATERIAL ACCOUNTING POLICIES

## LEASES

At the inception of a contract, the City assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

## LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

## 9. RESERVE ACCOUNTS

#### 9. RESERVE ACCOUNTS

#### (b) Reserve Accounts - Purposes

In accordance with Council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

| Reserve name  | Anticipated<br>date of use | Purpose of the reserve   |
|---|----------------------------|--|
| (a) Building Infrastructure   | Ongoing                    | Provides funding for asset renewal and upgrade requirements of the City's building assets as determined by Asset Management Plans. This Reserve will also provide funding for new community and recreation facilities, driven by the City's integrated planning approach aiming for a planning approach aiming approach aiming for a planning approach aiming |
| (b) Open Space Infrastructure   | Ongoing                    | Provides funding for new, renewal and upgrade of the City's open space infrastructure and equipment (parks, reserves, coastal, natural areas), as determined through asset management planning and the City's integrated planning approach.  |
| (c) Technology  | Ongoing                    | Provides funding for the City's Information, Communication and Technology assets and projects.   |
| (d) Commercial Landfill   | Ongoing                    | Provides funds management for capital and other costs associated with the development, management and rehabilitation of a commercial landfill site.  |
| (e) Roads Infrastructure  | Ongoing                    | Provides funding for asset renewal and upgrade requirements of the City's roads infrastructure assets (roads, drainage, paths), as determined by the City's asset management planning. Will also provide matching funding for delivery of new roads infrastructure identified though the City's integrated planning approach.  |
| (f) Risk  | Ongoing                    | Provides funding to mitigate annual budgetary impacts from unforeseen risks and events, including the City's performance-based insurances.   |
| (g) Project Contingency   | Ongoing                    | Provides contingency funding for the City's project delivery program.  |
| (h) Climate Change Mitigation   | Ongoing                    | Provides funding for the City to mitigate the impact of climate change on its services and asset delivery, including renewable energy and carbon offset projects.  |
| (i) Land Management   | Ongoing                    | Enables the financial planning and funding of the City's land management and development strategies, including the purchase, development, leasing and disposal of land.  |
| (j) Plant & Equipment   | Ongoing                    | Provides funding for the capital management of the City's fleet of plant and vehicles, as well as major capital equipment requirements.  |
| (k) Port Coogee Marina  | Ongoing                    | Provides funding for the management of the commercial marina business including the replacement of marina related infrastructure assets and equipment.   |
| (I) Waste Management  | Ongoing                    | Provides funding for future capital requirements relating to the City's waste management services.   |
| (m) Naval Base Shacks   | Ongoing                    | Provides funding for the development & refurbishment of the Naval Base shacks site.  |
| (n) Port Coogee Waterways WEMP  | Ongoing                    | Manages funding received from the developer upon handover to maintain the Port Coogee marina waterways in accordance with the Waterways<br>Environmental Management Plan (WEMP).   |
| (o) Port Coogee Waterways SAR   | Ongoing                    | Management of funds raised through the specified area rate (SAR) for the Port Coogee development on land directly adjacent to the waterways for the purpose of maintaining the waterways surrounding the marina and associated infrastructure.   |
| (p) Port Coogee Special Maintenance SAR   | Ongoing                    | Management of funds raised through the specified area rate (SAR) for the Port Coogee development for the purpose of specialised maintenance requirements within the development.   |
| (q) Cockburn Coast SAR  | Ongoing                    | Management of funds raised through the specified area rate (SAR) levied within the Cockburn Coast Development for the purpose of ensuring parks and public areas (including custom street lighting) are maintained at the higher standards adopted at handover from the Developer.   |
| (r) POS Cash in Lieu  | Ongoing                    | Quarantines and manages POS cash in lieu contributions received by the City under section 20C of the Town Planning Development Act   |
| (s) Developer Contribution Plans  | Ongoing                    | Provides for the management of contributions and costs with respect to Development Contribution Areas as established by and in accordance with Town Planning Scheme 3.   |
| (t) Restricted Funding  | Ongoing                    | This Reserve is used to quarantine and manage funds received for restricted purposes across financial years.   |
| <ul><li>(r) POS Cash in Lieu</li><li>(s) Developer Contribution Plans</li></ul> | Ongoing                    | parks and public areas (including custom street lighting) are maintained at the higher standards adopted at handover from the Developer.<br>Quarantines and manages POS cash in lieu contributions received by the City under section 20C of the Town Planning Development Act<br>Provides for the management of contributions and costs with respect to Development Contribution Areas as established by and in accordance with<br>Town Planning Scheme 3.  |

## **12. REVENUE AND EXPENDITURE**

#### (a) Revenue and Expenditure Classification

## REVENUES

#### RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum payment, interim rates, back rates, ex-gratia rates, less discounts offered.

Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

#### **GRANTS, SUBSIDIES AND CONTRIBUTIONS**

All amounts received as grants, subsidies and contributions that are not capital grants.

#### **CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

#### **REVENUE FROM CONTRACTS WITH CUSTOMERS**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

#### FEES AND CHARGES

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

#### SERVICE CHARGES

Service charges imposed under *Division 6 of Part 6 of the Local* Government Act 1995. Regulation 54 of the Local Government *(Financial Management) Regulations 1996* identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water. Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### INTEREST REVENUE

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### **OTHER REVENUE / INCOME**

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

## **PROFIT ON ASSET DISPOSAL**

Gain on the disposal of assets including gains on the disposal of long-term investments.

## EXPENSES

#### **EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note *AASB 119 Employee Benefits* provides a definition of employee benefits which should be considered.

#### MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

#### UTILITIES (GAS, ELECTRICITY, WATER)

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

#### INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

#### LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

#### **DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expenses raised on all classes of assets.

#### **FINANCE COSTS**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

#### **OTHER EXPENDITURE**

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

## **12. REVENUE AND EXPENDITURE**

## (b) Revenue Recognition

Recognition of revenue from contracts with customers is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

| Revenue<br>Category  | Nature of goods and services   | When<br>obligations<br>typically<br>satisfied | Payment terms  | Returns/Refunds/<br>Warranties                    | Timing of Revenue recognition  |
|--|--|---|--|---|--|
| Grants, subsidies<br>and contributions                         | Community events, minor<br>facilities, research, design,<br>planning evaluation and<br>services                              | Over time                                     | Fixed terms<br>transfer of funds<br>based on agreed<br>milestones and<br>reporting   | Contract obligation<br>if project not<br>complete | Output method based on<br>project milestones and/or<br>completion date matched<br>to performance obligations<br>as inputs are shared |
| Fees and charges<br>- licences,<br>registrations,<br>approvals | Building, planning,<br>development and animal<br>management, having the<br>same nature as a licence<br>regardless of naming. | Single point in<br>time                       | Full payment prior<br>to issue   | None  | On payment and issue of<br>the licence, registration or<br>approval  |
| Fees and charges<br>- waste<br>management<br>entry fees        | Waste treatment, recycling<br>and disposal service at<br>disposal sites  | Single point in<br>time                       | Payment in<br>advance at gate or<br>on normal trading<br>terms if credit<br>provided | None  | On entry to facility   |
| Other revenue -<br>private works                               | Contracted private works   | Single point in time                          | Payment in full in advance   | None  | Output method based on<br>provision of service or<br>completion of works   |

## **13. PROGRAM INFORMATION**

## **Key Terms and Definitions - Reporting Programs**

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the City's Community Vision, and for each of its broad activities/programs.

## **OBJECTIVE**

#### Governance

To provide a decision making process for the efficient alloction of scarce resources.

#### General purpose funding

To collect revenue to allow for the provision of services.

#### Law, order, public safety

To provide services to help ensure a safer and environmentally conscious community.

#### Health

To provide an operational framework for environmental and community health.

#### Education and welfare

To provide services to disadvantaged person, the elderly, children and youth.

#### **Community amenities**

To provide services required by the community.

#### **Recreation and culture**

To establish and effectively manage infrastructure and resources which will help the social well being of the community.

#### Transport

To provide safe, effective and efficient transport services to the community

#### **Economic services**

To help promote the local government and its economic wellbeing.

#### Other property and services

To monitor and control operating accounts.

## ACTIVITIES

The administrion and operation of facilities and services to the elected members of Council. Also includes other corporate type costs that are not related to the specific service areas covered under the other programs.

The collection of general-purpose revenue including rates and penalties, general-purpose grants and interest on investments. This provides the funding for much of the City's programs/activities.

Provision of community safety servcies including surpervision of various by-laws, animal and dog control, as security patrol service, fire prevention and voluntary emergency services.

The provision of community health services including the regulation and monitoring of food premises, pollution and noise complaints, pest control and managing contaminated sites.

The provision of support services to familites and children, the aged and disabled and senior citizens. The provision of pre-schools and services and facilities for the youth.

The provision of a waste and recyclables collection service and disposal and waste recovery services at the Waste Recovery Park. Providing services for the proctection and management of the natural environment. The administration of the Town Planning Scheme and all associated land use planning issues.

The provision and operation of community halls and recreation centres, parks and ovals, beach reserves and swimming areas and library facilities. The development and provision of arts and cultural events.

All activities relating to road, drainage and footpath construction and maintenance. The creation and maintenance of streetscapes. Provision of and operating the council works depot.

Activities associated with the control of building activity within the city and the provision of facilities and services that encourage tourism.

Includes private works and engineering overheads and plant operating costs (both of which are alocated to the City's works program). Includes all other unclassified activities.
