Background

A Community Aviation and Consultation Group (“CACG”) has been established for Jandakot Airport. While consultation between the community and Jandakot Airport has, and continues to be, undertaken via various methods, the Federal Government has recently moved to implement a new nationwide system of CACG’s for all airports coming under the genus of the *Airports Act 1996*.

Submission

N/A

Report

In terms of scope and terms of reference, the Federal Government has provided the following advice in relation to role of CACG's across Australia:

- *The Australian Government will require all airports subject to the planning framework in the Airports Act to establish and lead Community Aviation Consultation Groups.*
- *The Community Aviation Consultation Groups will address planning and development issues and a range of other operational matters, such as aircraft noise, which may affect airports' relations with their neighbours.*
- *In recognition of the variety of community and operational contexts that different airports operate within, each lessee company shall have the flexibility to define the scope and membership of the Community Aviation Consultation Groups, as long as the following core prescribed conditions are met:*
 1. *the chair is to be independent;*
 2. *a record of the outcomes of key discussions is to be published;*
 3. *a report on the group's work is to be reviewed as part of the annual lease review; and*
 4. *the activity is to be funded by airports.*

Membership of the Jandakot ACACG includes the Cities of Canning, Gosnells and Melville, Department of Planning, Department of Transport, Royal Aero Club of WA and the Jandakot Residents Association. Andrew Trosic, Manager Strategic Planning, is also a member and provides technical officer input.

To ensure wide community views and aspirations can be voiced, it is important that an Elected Member be part of the CACG. Through nominating an additional Elected Member as a proxy on the Jandakot ACACG, the City will be able to ensure attendance at the quarterly Jandakot ACACG meetings.

Previous members were Cr Smith and Cr Terblanche (Proxy).

11.11 (MINUTE NO 6211) (SCM - 26/10/2017) - COUNCIL DELEGATE - COCKBURN COAST STEERING COMMITTEE (028/041) (D ARNDT)

RECOMMENDATION

That Council appoint the following Elected Members to the Cockburn Coast Steering Committee:

1. _____ (Delegate); and
2. _____ (Deputy Delegate)

COUNCIL DECISION

MOVED Cr P Eva SECONDED Cr S Portelli that Council appoint Cr Carol Reeve-Fowkes as delegate and Mayor Logan Howlett as deputy delegate to the Cockburn Coast Steering Committee.

CARRIED 10/0

Background

Since June 2009, the Cockburn Coast Working Group, consisting of Officer representatives from the Department of Planning, City of Cockburn, City of Fremantle and LandCorp has continued to progress planning for the Cockburn Coast project which includes the framework for its implementation.

The approval of the Cockburn Coast District Structure Plan (CCDSP) in August 2009 and the initiation of the Metropolitan Region Scheme (MRS) Amendment to rezone the project area from 'Industrial' to 'Urban Deferred' in September 2009 highlights two major milestones for this project. The project is now moving towards detailed planning to ensure timely achievement of the 'Urban' zoning under the MRS.

One of the key tasks that lies ahead is the need to engage with landowners in the project area to ensure the project Masterplan and Town Planning Scheme framework is completed with due consultation. Similar to the CCDSP, this will be a considerable undertaking and will require the appropriate resources, time and strategic direction from key stakeholders for its successful implementation.

Submission

N/A

Report

Previously, representatives from the Cities of Cockburn and Fremantle participated in the Committee. It is anticipated the Steering Committee would provide strategic direction for the project. LandCorp has nominated Manager Metropolitan North, Matt Read, to chair the Committee.

Accordingly, it is considered appropriate for Council to nominate both a delegate and a deputy to ensure continuity of input by the City of Cockburn to this project.

Previous members were Deputy Mayor Reeve-Fowkes and Mayor Howlett (Deputy).

Meetings are held bi-monthly during the day.

- (2) requires the outcome of the Working Group Meetings to be made available to all other Elected Members upon being provided to the City of Cockburn; and
- (3) note the appointment of an Environmental Officer as a technical officer to the Roe 8 Rehabilitation Working Group.

CARRIED 10/0

Background

As an outcome of the recent State Government election, the incoming WA Labor Government halted construction of the Roe Highway alignment, between Kwinana Freeway and Stock Road.

Correspondence has since been received from the Member for Bicton, Lisa O'Malley, MLA, that the Government has established a Working Group to rehabilitate the alignment site which was subject to clearing prior to the election and that she has been appointed to Chair the Group. The purpose of the Working Group is to provide key stakeholders with the opportunity to work collaboratively with Main Roads WA to guide the rehabilitation program and help inform the decisions of the Government.

Submission

N/A

Report

The Working Group has been established to undertake planning for the rehabilitation of the area bounded by the footprint of Roe 8 between Kwinana Freeway and Stock Road. The initial focus of the Group will be to:

1. identify priority tasks to be undertaken pre winter 2017
2. review the Draft Revegetation Strategy
3. plan for a community based planting event in 2017; and
4. plan for the revegetation program for 2018 onwards.

The City of Cockburn has been identified as a key active stakeholder in this project and consequently has been invited to join the Working Group. Given the intention of the Group is to identify a rehabilitation plan for the Roe 8 alignment it has been necessary for it to commence its operations to enable any replanting strategies to be relevant to a suitable revegetation timeframe.

Given the City's strong stance on this matter, it is appropriate for an Elected Member to be formally endorsed as the City's representative on this important forum. A relevant City of Cockburn officer, likely to be a senior environmental officer is also recommended to attend meetings in an advisory role to assist the process. Meeting information is proposed to be distributed to all other City of Cockburn Councillors upon receipt. The previous delegate was Mayor Howlett.

COUNCIL DECISION

MOVED Cr P Eva SECONDED Deputy Mayor L Smith that Council appoint Mayor Logan Howlett and Cr Steve Portelli to the Cockburn Children's Reference Group.

CARRIED 10/0

Background

To give a voice to children (and also as part of the City's Children's Services Strategic Plan 2010-2015), the City launched a Children's Reference Group (CRG) in November 2012 with 16 primary school children involved.

Submission

N/A

Report

This group is a consultative group for mainly child-related projects across the City, but also a means to develop children's interest in civic affairs from a young age. Western Australia's Commissioner for Children and Young People has made participation of children a priority:

- The Commissioner has a statutory responsibility under the Commissioner for Children and Young People Act 2006 (s 19(b)) to 'promote the participation of children and young people in the

making of decisions that affect their lives and to encourage government and non-government agencies to seek the participation of children and young people appropriate to their age and maturity’.

- The contributions made by children and young people should be recognised for their value and merit.
- Including children and young people in planning and decision making processes that affect them can help to achieve better policies, services, laws and outcomes.

Currently up to 13 primary aged school children are actively involved in the group. There is no set time for meetings, however they usually meet two to three times per school term on a Wednesday or Thursday at 4pm. Their current project is to organise the Children’s Fiesta in November, which is an event to celebrate all children in the City as well as to promote the group and connect with children in Cockburn to get a sense of their priorities, ideas and wishes.

The Group’s previous delegate was Mayor Howlett.

The Group meets on an 'as required' basis (generally quarterly) and will determine the meeting frequency based on the level of business required to be transacted.

11.27 (MINUTE NO 6227) (SCM - 26/10/2017) - COUNCIL DELEGATE - ARMADALE ROAD DUPLICATION PROJECT REFERENCE GROUP (163/011) (C SULLIVAN)

RECOMMENDATION

That Council:

- (1) appoint _____ (Elected Member) to the Armadale Road Duplication Project Reference Group; and
- (2) note the appointment of the Community Engagement Officer, in an advisory capacity to the Group.

COUNCIL DECISION

MOVED Cr S Portelli SECONDED Cr C Reeve-Fowkes that Council:

- (1) appoint Mayor Logan Howlett to the Armadale Road Duplication Project Reference Group;
- (2) request the Project Reference Group if a second delegate (Cr Steve Portelli) can be appointed; and
- (3) note the appointment of the Community Engagement Officer, in an advisory capacity to the Group.

CARRIED 10/0

Reason for Decision

Cr Steve Portelli has expressed an interest in being involved in this project as a second delegate of the City, if this is acceptable.

Background

The duplication of Armadale Road and the connection to the Kwinana Freeway is a high priority project for the City of Cockburn, with successful lobbying resulting in a funding announcement by the WA Government in early 2018 to proceed with the works.

The work will be carried out in two stages – the duplication of Armadale Road first from Tapper Road, and then the connection from Tapper Road to the freeway.

This report relates to the first stage of the works in which the remaining section of single carriageway on Armadale Road will be widened from one to two lanes in each direction, reducing congestion and improving journey times.

Detailed design is underway. A series of investigation works have commenced to inform the design. The work includes locating services, environmental investigations, testing the existing condition of the ground and surrounding area, and monitoring existing levels of traffic and noise. Activity will continue intermittently until the end of 2017.

The Metropolitan Road Improvement Alliance has won the State Government contract to complete the works. It has established a technical steering committee. The City's technical officers are already involved in the steering committee and have direct contact with the design team on technical matters and approvals, where relevant.

Report

To foster community consultation, a Construction Reference Group (CRG) has been formed to involve stakeholders in the detailed design development and construction process of the project.

An opportunity exists to nominate an Elected Member to the CRG.

The CRG will:

- discuss and provide input into the detailed design development and construction process for the project
- help identify and respond to project issues and opportunities identified by project stakeholders
- communicate project matters to and from relevant stakeholder groups

The CRG performs an advisory and consultative role to the Metropolitan Road Improvement Alliance.

A public advertising process in September 2017 invited expressions of interest from project stakeholders and the community for membership of the CRG. Members will be appointed for a six month term, with the option to extend to the completion of the project.

The membership of the CRG may evolve over time to include other organisations / entities as required in order to fulfil the role.

The CRG will be facilitated by an experienced chairperson. The chairperson will be endorsed by the CRG at the first meeting and will not have voting rights.

The CRG will have the following responsibilities:

- Identify and discuss local impacts from the project and ways in which the impacts might be mitigated or managed

- Advise MRIA on ways to engage the local communities to build strong community relationships and feedback to the project team
- Act as a vehicle through which the local communities can voice their concerns and suggest ways to improve the project
- Monitor community feedback and identify issues for action and/or discussion
- Regularly report to MRIA to help it assess overall progress on the project's community engagement process.

It is anticipated the CRG will meet every two months until November 2019 or when project construction is complete. The group may choose to meet monthly in the early stages of the project.

Report

The Group:

- Champions the project to further the objectives of the redevelopment area (as set out in the City's Town Planning Scheme).
- Identifies potential opportunities for activation of the main street and the power station.
- Receives regular project updates from members where there is an inter-agency relationship or impact.

The group is not a decision-making body and the roles of participants who have decision-making obligations outside the group are preserved. Discussions held within the Group and opinions if expressed are not binding on those participants, who need to remain open to other sources of information before formal decisions are made (such as consultation processes and technical advice and recommendations).

Formal membership consists of no more than three representatives each from the City of Cockburn, Landcorp and the Department of Planning.

Meetings are held at the City of Cockburn Administration offices on a monthly basis which is set by the Group. A meeting will not be held where there are no matters to be discussed or participants not being available.

Each meeting will have an Agenda. One week prior to the meeting a request for particular items will be circulated by Landcorp.

Previous Council delegates to the Cockburn Coast Liaison Group were Cr Reeve-Fowkes and Mayor Howlett (deputy).
