

## Enclosed Dog Park Video Transcript

We have five enclosed dog parks in Cockburn with more to come. These parks are a great place for your dog to exercise, socialise and practice obedience while having a blast.

Given their popularity there's a few things owners need to be aware of to keep everyone safe like kids, your dog wants you to interact and play with it and there's plenty of great equipment in the parks to do just that watch your dog at all times to keep it under control and leave if it gets aggressive.

It's best to leave your phone elsewhere or at least turn it off when you're at the park with your dog to practice socialising with other dogs.

Find others with similar playstyles for your dog to interact with the City provides separate enclosures for big and small dogs within these parks so to keep your dog safe make sure he or she is in the right enclosure for their size also reward any good behaviour that your dog displays so it knows the difference between right and wrong.

Finally if your dog is not vaccinated, not well socialised or on heat please do not bring them to the dog park we love it when we see residents having fun with their dogs but please keep an eye on your dog at all times and like kids redirect or remove them from the dog park if they display any signs of being uncomfortable or stressed with over 17, 000 dogs in Cockburn we need to work together
