The election is to be conducted in accordance with the procedure prescribed by the Mayor. The Mayor has given notice that he has appointed the Chief Executive Officer (“CEO”) to conduct the election, and has informed all Councillors that they may nominate themselves for the position, in writing, prior to the meeting. 9.7 (SCM 24/10/2011) - TRAVEL ALLOWANCE FOR ELECTED MEMBERS (CC/P/002; CC/U/004) (D GREEN) (ATTACH)

RECOMMENDATION

That Council:

- (1) not provide a vehicle to the Mayor as a method of payment of an expense which can be reimbursed, in accordance with Local Government (Administration) Regulations 34AD; and
- (2) continue to reimburse all Elected Members a vehicle allowance in accordance with Clause 1 (5) of Council Policy SC26 ‘Reimbursement of Elected Member Expenses’.

COUNCIL DECISION

Background

In April 2011, the Department of Local Government issued a Circular which dealt with the matter of providing Elected Members of local governments with a vehicle, for the purpose of conducting civic duties associated with their official functions.

While the Circular mentioned Elected Members in a generic sense, the focus of the information related to the practice of some (mostly larger metropolitan) local governments providing a Council owned vehicle for the incumbent Mayor of the day.

Historically, there have been a number of local governments which have opted to provide a Mayoral vehicle. Indeed, the City of Cockburn was such a Council, which adopted the practice up until 1999, when the Council was dismissed and the need for a vehicle was redundant. Upon resumption of an elected Council in 2000, the option to provide a Mayoral vehicle was not supported and has not been formally considered since.

The main matters for consideration have been the lack of statutory ability for a vehicle to be used in a private capacity by an Elected Member and that, in the event of Council providing a vehicle for the use of the Mayor, close attention is paid to separating civic from private use and formulating a procedure to ensure private use expenditure is recouped from the Mayor. The Circular suggests this be administered through the development of a Council Policy, hence the reason the matter was initially considered through the DAPPS Committee.

Submission

This matter was considered by the Delegated Authorities, Policies and Position Statements (DAPPS) Committee Meeting held on 22 September 2011, where it was recommended (and subsequently adopted by Council) to be deferred and reconsidered at this meeting.

Report

The attached Circular points out the manner in which legislative changes have now been introduced in an attempt to clarify the mechanism by which local governments can provide a vehicle for the use of Elected Members. This has been introduced as Regulation 34AD, as shown in the attachment. The effect of this Regulation is to enable a local government to provide a vehicle owned by it for use by:

- (1) the Mayor; or
- (2) a Councillor, if no other reasonable alternative method of travel is available to the Councillor and prior written approval (of the CEO or Mayor) is given.

In the case of the City of Cockburn, this provision would only realistically apply to the Mayor, as Councillors would reasonably be able to access an alternative mode of transport to attend any official functions required by their role. A taxi would be considered to be a reasonable alternative under such circumstances.

A secondary requirement of the Regulation is that prior to an Elected Member being provided with a Council owned vehicle, an Agreement must be signed setting out the responsibilities of the member in relation to the use of the vehicle.

Interestingly, the Regulation makes no mention of a Policy to be adopted as a part of this process, yet the Department's Circular states that it is 'expected' that this would be the case.

The Circular goes further by suggesting how the issue of private usage and other factors governing the supply of a vehicle to a Mayor should be administered.

As previously mentioned, it is the practice (both past and current) of many local governments to provide a Council owned vehicle for use by the Office of the Mayor, in the execution of the many civic duties associated with the role. However, there is no single preference on how this is dealt with by local governments in the metropolitan area of Perth.

An examination of the procedures adopted by a number of Councils in the metropolitan area has produced the following alternatives:

- Option 1: Provision of Council owned vehicle with private use reimbursed by the Mayor.
- Option 2: Provision of Council owned vehicle with travel costs associated with official usage reimbursed to the Mayor.
- Option 3: Provision of Council owned vehicle, included as part of the Mayoral allowance.
- Option 4: Reimbursement of travel expenses (mileage allowance), as provided for under Regulation 34AB, attached.

Currently, the City of Cockburn deals with this matter by way of Option 4, which requires Elected Members (including the Mayor) to submit a claim form for the reimbursement of transport costs incurred by the use of their private vehicle, or alternative travel option (eg. taxi fares).

This mode of payment is simple to administer and overcomes any potential misunderstanding which may arise from the Agreement associated with the provision of a motor vehicle and the preferences of individual Mayors in relation to such details as the type of vehicle provided and the calculation of official/private usage.

Therefore, on balance, it is suggested that Council continues with its practice of providing reimbursement of travelling expenses to all Elected Members via mileage allowance as per Regulation 34AB,

which reflects a reasonable recompense for the use of private motor vehicles for undertaking Council related duties.

Should Council elect to provide a vehicle for use by the Mayor, the Australian Taxation Office (ATO) requirements relative to taxation compliance issues are covered in the attachment, as requested by Council at its October 2011 Council Meeting (as part of the DAPPS Minutes adopted at that meeting).

Report

The EMA provides that the Committee consists of members appointed by Council, one of which must be the local emergency co-ordinator, who is attached to the District Office of the WA Police Service. The previously constituted committee had a membership which is representative of all organisations which have a role in the preparation of counter emergency plans and operations. Therefore, it is recommended that Council adopt a similar structure in order to maintain the continuity of its functions.

The Act also provides for the State Emergency Management Committee to determine the constitution, procedures and terms/conditions of appointment of the Committee members. These have been provided for in the attached Policy No.2.5. The document also establishes the regularity of Committee meetings and the matters which should be considered by the Committee.

Other procedures, functions and arrangements to be undertaken by the Committee are also contained within the Policy. Administrative support for the Committee is to be provided by the City.

9.12 (SCM 24/10/2011) - DELEGATED AUTHORITIES, POLICIES AND POSITION STATEMENTS (DAPPS) COMMITTEE (CC/C/001; FS/P/003) (D GREEN) (ATTACH)**RECOMMENDATION**

That Council:

- (1) disbands the Delegated Authorities, Policies and Position Statements Committee; and
- (2) requires all items previously considered by the Committee to be presented directly to Council for consideration, on a regular basis, that enables all Policies, Position Statements and Delegated Authorities to be reviewed within a 12 month period from November 2011.

COUNCIL DECISION**Background**

At the Council Meeting held on 14 July 2011 the Delegated Authorities, Policies and Position Statements (DAPPS) Committee was formally established and membership appointed, in accordance with the attached resolution.

Furthermore, pursuant to Section 5.11(2)(d) of the Local Government Act, 1995, membership of the Committee terminated on 15 October 2011, being the ordinary elections day.

In addition, Council has recently adopted a Policy which provides for all DAPPS items to be reviewed on an annual basis, as a minimum. The same Policy includes the mechanism by which the review of all DAPPS related items will take place is to be determined by resolution of Council at the first meeting of Council following the biennial election cycle. A copy of the relevant Policy (SC47) is attached.

Report

The intent of this report is to enable council to nominate the mechanism by which it wishes to undertake the formal review of its DAPPS related items, in accordance with its Policy (SC47).

Mechanisms available for Council to consider are:

1. through a formally established Committee, pursuant to Sec. 5.8 of the Act;
2. an informal Working Group comprising of Elected Members and Staff convened to assess these documents; and/or
3. individual officer reports provided directly to a meeting of Council.

Comments for and against each method are provided for Members to consider:

1. COMMITTEE SYSTEM -

Reasons For

- (i) Provides a separate forum for matters of Policy, Positions and Delegated Authority to be considered.
- (ii) Could be considered a “review board” for these matters to be scrutinised, prior to final consideration by Council.

Reasons Against

- (i) High level of regulatory administrative and governance compliance required to support the functioning of Committees.
- (ii) Resource intensive and a duplication of materials required to produce Committee documentation.

2. WORKING GROUP –

Reasons For

- (i) Less formal and not constrained by statutory requirements.
- (ii) Less resource intensive and reduction of material wastage associated with a formal Committee.

Reasons Against

- (i) No capacity to make formal recommendations for Council consideration.
- (ii) Still requires a meeting process to be convened, requiring additional time commitment of Elected Members and Staff.

3. DIRECT COUNCIL REPORTS -Reasons For

- (i) Most time efficient methodology to have matters considered by Council, thus reducing unnecessary bureaucratic processes.
- (ii) Reduces wastage (staff time and materials/equipment), thus supporting Council's sustainability initiatives.

Reasons Against

- (i) Does not provide for "review" opportunities prior to consideration of items by Council.
- (ii) Annual review of documents susceptible to being overlooked due to lack of any preliminary involvement of Elected Members.

On balance, it remains the administration's strong preference to facilitate these items through a direct line of reporting to Council, due primarily to the associated efficiency gains and elimination of wastage provided by this methodology.

It is considered that any concerns of a regular review of these documents not being formally presented to Council as a result of no Elected Members' oversight, can be overcome by introducing an administrative directive that commits all relevant documentation to be presented to Council for formal consideration routinely throughout the year.

Strategic Plan/Policy Implications**Governance Excellence**

- To conduct Council business in open public forums and to manage Council affairs by employing publicly accountable practices.

Budget/Financial Implications

Additional costs will be incurred in the production of Committee documentation should Council elect to continue with the operation of a DAPPS Committee.

Legal Implications

Sections 5.8 and 5.10 of the Local Government Act, 1995, refers.
