BACKGROUND:

The City of Cockburn Public Artworks Strategy focuses on the delivery of public art by the City in the public realm. It sets out key goal, including the following:

- * Develop a collection of distinct and diverse public artworks.
- * Increase awareness of public art as a significant cultural asset.

The City’s Local Planning Policy LPP 5.13 ‘Percent for Art’ seeks to assist in achieving these goals by requiring the provision of professionally produced artworks on site as part of eligible developments within the City of Cockburn.

The Cockburn Coast area is subject to a Public Art Strategy that identifies themes and locations for public art in the area. Therefore a location-specific policy is required to introduce the requirement for a public art contribution in accordance with the Strategy.

The Cockburn Coast Public Art Strategy includes locations for public art in the public realm, including Public Open Space. These public artworks will provide the opportunity to celebrate the place, promote community identity, and to assist with legibility. It is therefore appropriate that a cash-in-lieu contribution option be provided to developers (not otherwise provided in LPP 5.13), which would enable the collection of funds for the provision of artworks in the public realm in accordance with the Cockburn Coast Public Art Strategy.

This Policy is adopted pursuant to City of Cockburn Town Planning Scheme No. 3.

PURPOSE:

The purpose of this Policy is to require the provision of artworks produced by professional artists as part of eligible developments within the Cockburn Coast area.

The key objectives of this requirement are to:

1. Improve the attractiveness and functionality of the Cockburn Coast area;
2. Develop and promote community identity within the Cockburn Coast area;
3. Increase the social, cultural and economic value of the Cockburn Coast area;
4. Establish new design partnerships between artists, architects and other professionals;
5. Increase public awareness of the value of art and design;
6. Provide opportunities for heritage interpretation;
7. Enhance legibility by introducing artworks that assist in making streets, buildings and Public Open Space in the Cockburn Coast area more identifiable;
8. Produce landmarks that act as focal points and icons for the Cockburn Coast area, as set out in the Public Art Strategy;
9. Provide new opportunities for artist commissioned artworks to celebrate the place, generate vibrancy, contribute to cultural identity and engage with the community above and beyond the art involved in building design, landscaping and hardscaping elements that would normally be associated with development.

POLICY:**(1) Requirements**

1. All development proposals for commercial (excluding industrial uses), civic, institutional, educational projects or public works (excluding services and utilities) of a value greater than \$1 million (exclusive of GST) are to set aside a minimum of one per cent (1%) of the total project cost (up to a maximum value of \$250,000) for the development of artworks which reflect the themes set out in the Cockburn Coast Public Art Strategy.
