BACKGROUND:

There are developments within the district which have not complied with their conditions of approval. These conditions need to be enforced.

In recognition of this, Part 9 of Town Planning Scheme No. 3 (TPS 3) gives Council the power to consider matters appropriate in the decision making of development applications. This may include refusal to issue an approval for the further use or development of the land to which the conditions of a previous approval are outstanding.

PURPOSE:

The purpose of this Position Statement is to establish a process to be followed prior to the determination of an application by the City where an existing development does not comply with one or more conditions of a previous approval.

POSITION:

- (1) The breach in conditions relating to development on the land must be adequately substantiated, and that the landowner/occupier has been given the opportunity to comply with any outstanding conditions relating to a previous approval for the land.
