

IMPROVEMENTS TO POOLE RESERVE.

After meeting with the Coogee community association, and seeking comments on the City's Comment on Cockburn web page the reserve will shortly be undergoing some improvements. These will include the following:

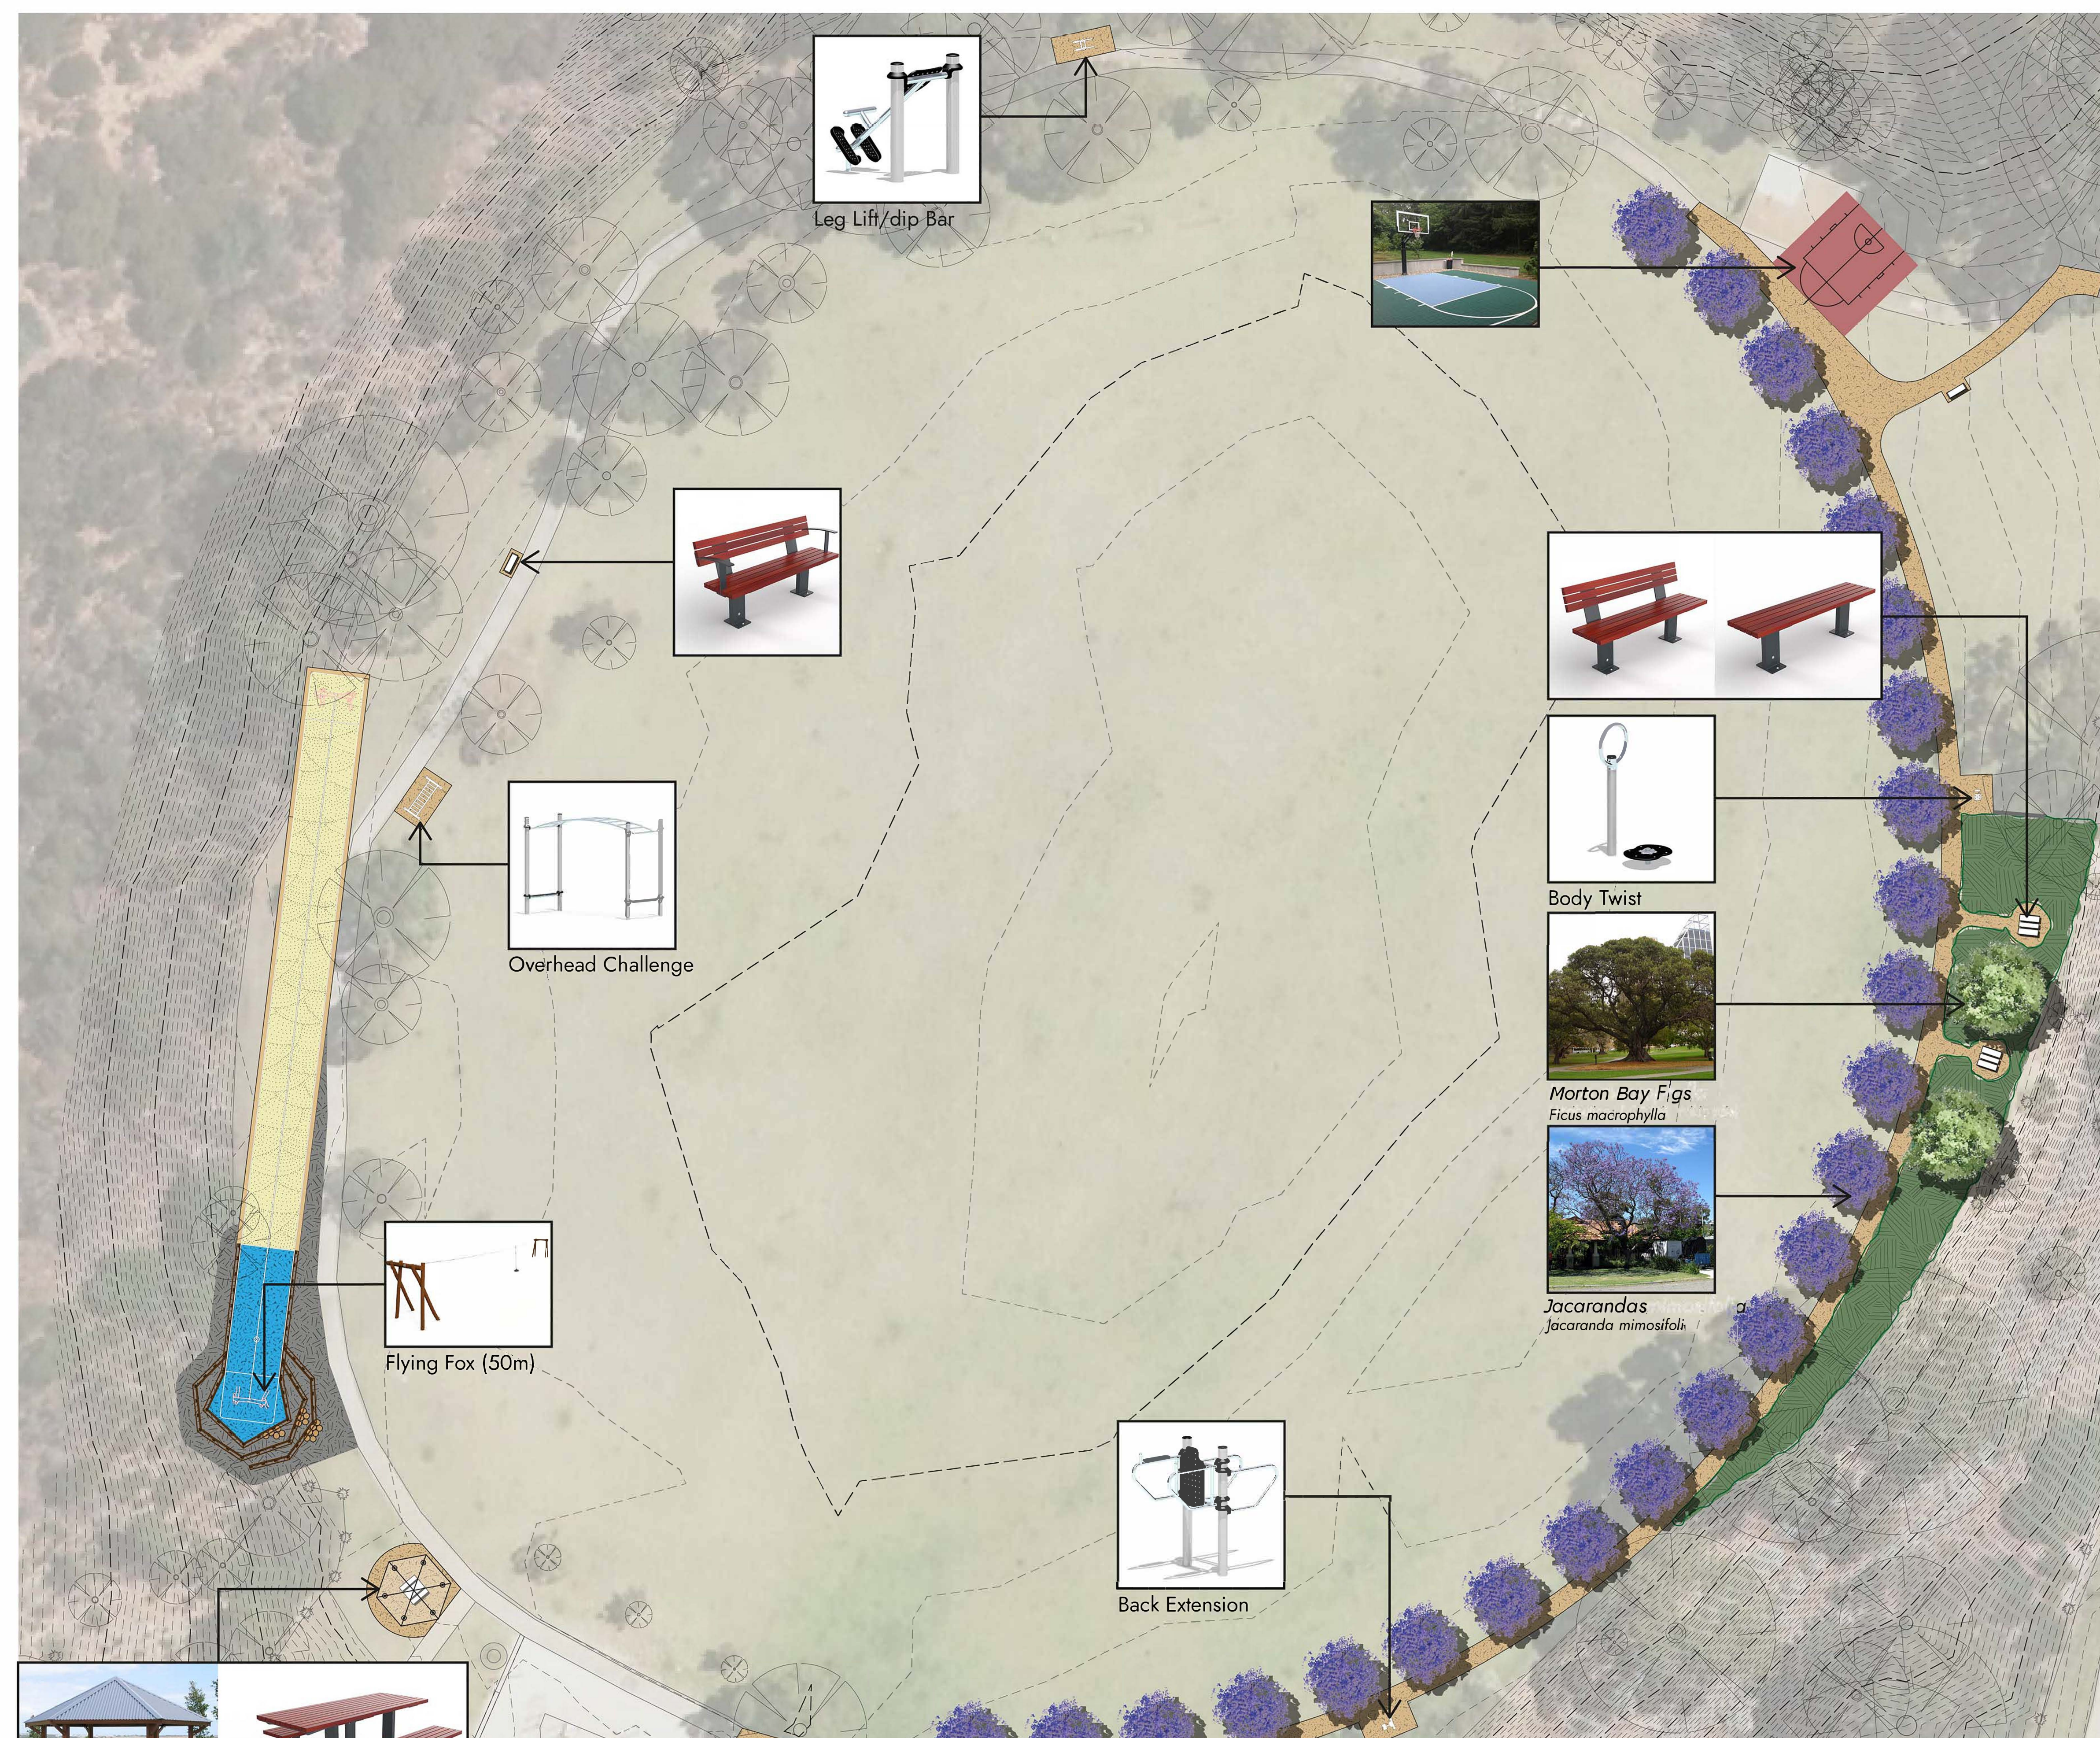

- New trees and planting;
- Perimeter footpath;
- Picnic shelter;
- Benches and tables;
- Flying fox;
- Exercise equipment; and
- Relocation of basketball half court.

Should you wish to be informed of future upgrades to your neighbourhood's facilities don't forget to register with the Comment on Cockburn web page -

<https://comment.cockburn.wa.gov.au/>. You will be emailed news of local improvements and will have the opportunity to contribute with comments and ideas about future improvements to your area.

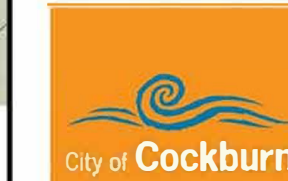

The Coogee community association is open to all residents of Coogee. A membership application can be downloaded here: <https://www.cockburncommunitygroups.com.au/Coogee-Beach-Progress-Association>

The association also runs a Facebook page.

New picnic shelter table and benches.
