CARRIED 7/0**Background**

The Cockburn Central West (CCW) development is proposed for land owned by the State Government (WA Planning Commission) as a mixed use / community recreation project. The proposal is likely to incorporate the largest capital outlay for a community facility ever undertaken by the City of Cockburn. A Joint Venture initiative, involving WAPC, Landcorp, the City of Cockburn and Fremantle Football Club, has the potential to develop the site on a scale not

previously attempted by local government in this State. Accordingly, it is imperative that Council has a strong monitoring role in the progress of this proposal.

Submission

N/A

Report

Council has been in serious discussion with the State Government and Fremantle Football Club for more than 12 months over this development and the process has been overseen by the CCW Reference Group as a means of Elected Members being able to be fully involved in understanding the community impact such a project is likely to have. Accordingly meetings of the Group tend to be conducted on an occasional basis, whenever there is an item of significance to be considered.

For this reason it is recommended that all Elected Members be appointed to attend these meetings.

Strategic Plan/Policy Implications

Infrastructure

- Community facilities that meet the diverse needs of the community now and into the future.

Budget/Financial Implications

The City of Cockburn estimates that this development will require up to \$65M of Municipal Funds, plus further funds from Federal/State Governments and Fremantle Football Club.

Legal Implications

Formal legal agreements will be necessary to cooperatively develop the land.

Community Consultation

Extensive community consultation has taken place throughout the planning phase of this project.

RECOMMENDATION

That Council appoint _____ (Elected Member) as its Delegate to the Cockburn Coast Steering Committee and _____ (Elected Member) as its Deputy Delegate.

COUNCIL DECISION

MOVED Deputy Mayor C Reeve-Fowkes SECONDED Clr Y Mubarakai that Council appoint Deputy Mayor Carol Reeve-Fowkes as its Delegate and Clr Kevin Allen as its Deputy Delegate to the Cockburn Coast Steering Committee.

CARRIED 7/0

Background

Since June 2009, the Cockburn Coast Working Group, consisting of Officer representatives from the Department of Planning, City of Cockburn, City of Fremantle and LandCorp has continued to progress planning for the Cockburn Coast project which includes the framework for its implementation.

The approval of the Cockburn Coast District Structure Plan (CCDSP) in August 2009 and the initiation of the Metropolitan Region Scheme (MRS) Amendment to rezone the project area from 'Industrial' to 'Urban Deferred' in September 2009 highlights two mayor milestones

for this project. The project is now moving towards detailed planning to ensure timely achievement of the 'Urban' zoning under the MRS.

One of the key tasks that lies ahead is the need to engage with landowners in the project area to ensure the project Masterplan and Town Planning Scheme framework is completed with due consultation. Similar to the CCDSP, this will be a considerable undertaking and will require the appropriate resources, time and strategic direction from key stakeholders for its successful implementation.

Submission

N/A

Report

To ensure the continued success of the project, the Department for Planning and LandCorp are proposing to re-establish the Cockburn Coast Steering Committee. Previously, representatives from the City's of Cockburn and Fremantle participated in the Committee. It is anticipated the Steering Committee would provide strategic direction for the project. LandCorp has nominated General Manager Metropolitan, Luke Willcock, to chair the Committee.

Accordingly, it is considered appropriate for Council to nominate both a delegate and a deputy to ensure continuity of input by the City of Cockburn to this project.

- (2) note the membership of Andrew Trosic, Manager Strategic Planning as a technical officer on the Alcoa Long Term Residue Management Strategy Stakeholder Reference Group.

CARRIED 7/0

Background

Alcoa of Australia (“Alcoa”) maintains an important industrial presence immediately south of the City of Cockburn (“City”), within the Town of Kwinana. This is specifically Alcoa’s alumina refinery (located at the northern end of the Kwinana Industrial Area), and its associated residue disposal area (located approximately 4km directly east inland of the refinery). The residue disposal area represents a significant allocation of land (approximately 580 ha), due to the large amounts of residue by-product which are generated through the refining process to produce alumina and ultimately aluminium.

Submission

N/A

Report

The Need for the City’s Involvement in the Long Term Residue Management Strategy Stakeholder Reference Group

At the 11 November 2010 Ordinary Meeting, Council considered a report dealing with the Draft Outer Metropolitan Perth and Peel Sub-regional Strategy (“Draft Strategy”). This Draft Strategy has been produced to guide, at a local level, implementation of growth targets established through the new Perth and Peel Strategic Plan titled ‘Directions 2031 and Beyond’. A significant aspect to Directions 2031 and the Draft Strategy is identifying areas within existing settlement patterns in which to accommodate new residential growth. This is part of the objective towards achieving a more compact settlement form for the metropolitan area.

It is therefore recommended that the City endorse an Elected Member to sit on the Long Term Residue Management Strategy Stakeholder Reference Group.

- (3) note the membership of Andrew Trosic, Manager of Strategic Planning as a technical officer on the Jandakot Airport Community Aviation Consultation Group.

CARRIED 7/0

Background

A Community Aviation and Consultation Group (“CACG”) has been established for Jandakot Airport. While consultation between the community and Jandakot Airport has, and continues to be, undertaken via various methods, the Federal Government has recently moved to implement a new nationwide system of CACG’s for all airports coming under the genus of the *Airports Act 1996*.

Submission

N/A

Report

In terms of scope and terms of reference, the Federal Government has provided the following advice in relation to role of CACG’s across Australia:

- *The Australian Government will require all airports subject to the planning framework in the Airports Act to establish and lead Community Aviation Consultation Groups.*
- *The Community Aviation Consultation Groups will address planning and development issues and a range of other operational matters, such as aircraft noise, which may affect airports’ relations with their neighbours.*

- *In recognition of the variety of community and operational contexts that different airports operate within, each lessee company shall have the flexibility to define the scope and membership of the Community Aviation Consultation Groups, as long as the following core prescribed conditions are met:*
 1. *the chair is to be independent;*
 2. *a record of the outcomes of key discussions is to be published;*
 3. *a report on the group's work is to be reviewed as part of the annual lease review; and*
 4. *the activity is to be funded by airports.*

Membership of the CACG includes the Cities of Canning, Gosnells and Melville, Department of Planning, Department of Transport, Royal Aero Club of WA and the Jandakot Residents Association. Andrew Trosic, Manager Strategic Planning, is also a member and provides technical officer input.

To ensure wide community views and aspirations can be voiced, it is important that an Elected Member be part of the CACG. Through nominating an additional Elected Member as a proxy on the Jandakot CACG, the City will be able to ensure attendance at the quarterly CACG meetings.
