

Residents Groups Budget Requests 2020/21

In October 2019, the City invited residents groups to submit up to three projects to a total value of \$30,000 for consideration in the City's 2020/21 Budget process. Requests were assessed in order of priority and in light of the City's policies and Council adopted plans. Higher priority has been given to projects and activities that Council has already committed to through previous decisions. Here is a snapshot of the outcomes.

Key

-  **Supported**
To be considered in 2020/21 budget
-  **Already funded or identified for consideration**
Funded in 2019/20 budget or being considered in 2020/21 budget
-  **Not supported**
Contact the City for more information
-  **Over available 2020/21 budget**
Contact the City for more information.
