Cockatoo KIDS Club

Calling all kids
who are wild about
wildlife...

What is the Cockatoo KIDS Club?

The Cockatoo KIDS Club is a great way for kids to:

- have fun outdoors
- explore the natural environment
- discover why cockatoos and other native wildlife are so special
- tell their friends and family about wildlife
- care for the environment
- make a difference!

If you like having lots of fun, making new friends and sharing ideas on how to care for the environment the Cockatoo KIDS Club is for YOU!

For KIDS aged 6-15 years

Why Cockatoos?

Western Australia is home to three species of black cockatoos, the Carnaby's, Baudin's and Forest Red-tailed Black Cockatoo. Not long ago, these magnificent birds filled the skies.

Sadly, mainly due to habitat loss, they are now under threat of extinction and desperately need our help.

How do I get involved?

It's easy!

All it takes to become a 'Cockatoo KID' is to complete the enclosed application form and pay the yearly membership fee. We will send you your starter Cockatoo KID pack in the mail.

What does my membership include?

You become part of a great team of Cockatoo KIDS who receive the following benefits.

- A Cockatoo KIDS membership card
- Card holder with strap
- A Cockatoo KIDS Club membership certificate
- Invitation to up to 6 free events per year
- A quarterly newsletter with club updates on black cockatoo status
- Cockatoo stickers

WHERE ARE WE LOCATED?

The Native ARC Cockatoo KIDS Club is located at Bibra Lake in the Beelihar Regional Park

172 Hope Road
BIBRA LAKE WA 6164
