

## ENVIRONMENTAL PROTECTION (NOISE) REGULATIONS 1997

# APPLICATION FOR APPROVAL OF OUT-OF-HOURS CONSTRUCTION WORK

*The application will include a Noise Management Plan with supporting information as required by Section 13(6) of the Regulations, and be lodged with the City of Cockburn Health Services at least 2 weeks prior to the proposed work. Assessment of applications failing to meet these requirements may be delayed or refused.*

| Applicant's Details: |  |                   |
|----------------------|--|-------------------|
| Applicant's Name:    |  | Ph.:              |
| Contractor's Name:   |  | ABN (if applic.): |
| Contact:             |  | Mob.:             |
| Mail Address:        |  |                   |
|                      |  | Post Code         |
| E-mail:              |  |                   |

| Details of Proposed Construction Works:       |                              |
|---|------------------------------|
| Proposed Location: .....                      |                              |
| Proposed Works: .....                         |                              |
| Proposed Works Schedule                       | Dates: .....<br>Hours: ..... |
| Reason for proposed out-of-hours works: ..... |                              |

I have attached the following in support of this application:

- A Noise Management Plan – including a scaled site plan, predicted noise levels and a copy of the written notice of works and site contact details to be distributed to affected residents.
- The application fee of \$184.00 (2019-20).
